Read the given passage and answer the questions that follow.

Have you ever failed at something so miserably that the thought of attempting to do it again was the last thing you wanted to do?

If your answer is yes, then you are not a robot. Unlike robots, we human beings have feelings, emotions and dreams. We are all meant to grow and stretch despite our circumstances and our limitations. Flourishing and trying to make our dreams come true is great when life is going our way. But what happens when it's not? What happens when you fail despite all your hard work? Do you stay down and accept the defeat or do you get up again and again until you are satisfied? If you have a tendency to keep going, then you have what experts call grit. Falling down or failing is one of the most agonising, embarrassing and scariest human experiences. But, it is also one of the most educational, empowering and essential parts of living a successful and fulfilling life. Did you know that perseverance is one of the seven qualities that have been described as the keys to personal success and betterment in society? The other six are: curiosity, gratitude, optimism, self-control, social intelligence and zest. Thomas Edison is a model for grit for trying 1,000 plus times to invent the light bulb. If you are reading this with the lights on in your room, you know well he succeeded. When asked why he kept going despite his hundreds of failures, he merely stated that they were not failures. They were hundreds of ways not to create a light bulb. This statement not only revealed his grit but also his optimism for looking at the bright side.

Grit can be learnt to help you become more successful. One of the techniques that help is mindfulness. Mindfulness is a practice that helps the individual stay in the moment by bringing awareness of his or her experience without judgment. This practice has been used to quiet the noise of their fears and doubts. Through the simple practice of mindfulness, individuals have the ability to stop the self-sabotaging downward spiral of hopelessness, despair and frustration.

# SubQuestion No : 16

Q.16 Select the word from the passage that means the same as 'grit'.

# Ans 🛛 🖋 1. Perseverance

- 🗙 2. Gratitude
- 🗙 3. Curiosity
- 🗙 4. Optimism
