EPFO SSA EXAM - AUGUST 2023

Application No	
Candidate Name	
Roll No	
Test Date	21/08/2023
Test Time	2:00 PM - 4:30 PM
Subject	Social Security Assistant Stage I Examination

Section : **General Aptitude**

Q.1 Find the number of hexagons in the following figure :
(1)   4

(2)   5

(3)   6

(4)   7

Options 1. 1
 2. 2
 3. 3
 4. 4

Question Type : **MCQ**
Question ID : **4795483509**
Option 1 ID : **47954813897**
Option 2 ID : **47954813898**
Option 3 ID : **47954813899**
Option 4 ID : **47954813900**
Status : **Not Answered**
Chosen Option : **--**

Q.2 If in a code language 'C' = 3, 'ME' = 9 and 'PETS' = 15, then how will 'HOTEL' be coded in this language ?

(1) 21

(2) 18

(3) 16

(4) 12

Options 1. 1

2. 2

3. 3

4. 4

Question Type : **MCQ**

Question ID : **4795483514**

Option 1 ID : **47954813917**

Option 2 ID : **47954813918**

Option 3 ID : **47954813919**

Option 4 ID : **47954813920**

Status : **Answered**

Chosen Option : **1**

Q.3 Choose the correct option to replace the question mark ['?'] in the following figural series :

(1)

(2)

(3)

(4)

Options 1. 1

2. 2

3. 3

4. 4
Question Type : **MCQ**

Question ID : **4795483506**

Option 1 ID : **47954813885**

Option 2 ID : **47954813886**

Option 3 ID : **47954813887**

Option 4 ID : **47954813888**

Status : **Answered**

Chosen Option : **1**

Q.4   Below a question is given and two statements numbered **(I)** and **(II)**. Decide whether the data provided in the statements is sufficient to answer the question.

The chairman of a big company visits any one department on Monday of every week except for the Monday of third week of every month, when did he visit the Purchase department ?

(I)   He visited Accounts department in the second week of September after having visited Purchase department on the earlier occassion.

(II)   He had visited Purchase department immediately after visiting stores department but before visiting Accounts department.

Choose the correct answer from the options given below :

(1)   Statement **(I)** alone is sufficient

(2)   Statement **(II)** alone is sufficient

(3)   Either Statement **(I)** or **(II)** is sufficient to answer the question

(4)   Both Statements **(I)** and **(II)** are necessary to answer the question

Options 1. 1
        2. 2
        3. 3
        4. 4

Question Type : **MCQ**
Question ID : **4795483518**
Option 1 ID : **47954813933**
Option 2 ID : **47954813934**
Option 3 ID : **47954813935**
Option 4 ID : **47954813936**
Status : **Answered**
Chosen Option : **1**

Q.5   'A − B' means 'A is the mother of B' 'A × B' means 'A is the father of B' and 'A + B' means 'A is the daughter of B'. Now if $\phi - \beta \times r + \$$ then which of the following is not true ?

(1) ϕ is the mother-in-law of $\$$

(2)   r is β's daughter

(3)   r is grand daughter of ϕ

(4) β is the wife of $\$$

Options 1. 1
        2. 2
        3. 3
        4. 4

Question Type : **MCQ**
Question ID : **4795483513**
Option 1 ID : **47954813913**
Option 2 ID : **47954813914**
Option 3 ID : **47954813915**
Option 4 ID : **47954813916**
Status : **Answered**
Chosen Option : **4**

Q.6 A, B, C, D, E and F are six doctors who specialize in 6 different areas viz, Nervous system, Brain, Skin, Heart, ENT and Bone diseases but not necessarily in the same order. They belong to 6 different cities - Patna, Nagpur, Modinagar, Bilaspur, Chandigarh and Bhopal not necessarily in the same order. C does not belong to Bilaspur. The doctor who specialized in ENT does not belong to Bhopal. D specialized in Brain diseases and does not belong to Patna. Skin specialist doctor belongs to Nagpur, B belongs to Bhopal. A belongs to Modinagar and he specialized neither in ENT not heart-disease. F is not specialist of bone and does not belong to Patna. Bone diseases specialist belongs to Bilaspur. The Nervous system specialist belongs to which city ?

(1) Bhopal

(2) Modinagar

(3) Chandigarh

(4) Nagpur

Options 1. 1

2. 2

3. 3

4. 4

Question Type : **MCQ**

Question ID : **4795483497**

Option 1 ID : **47954813849**

Option 2 ID : **47954813850**

Option 3 ID : **47954813851**

Option 4 ID : **47954813852**

Status : **Answered**

Chosen Option : **2**

Q.7 A, B, C, D, E, F and G are sitting around a circular table for dinner. The 5 of them are facing the centre and remaining 2 are facing opposite to the centre. One of them who is facing opposite to the centre is the immediate neighbour of B. A is 4th to the left of G, who is facing the centre. D is 3rd to the right of C and both of them are facing the centre. One who is facing opposite to the centre is sitting between F and D. Neither C nor D is the immediate neighbour of E.

Who are facing opposite to the centre ?

(1) B and E

(2) A and F

(3) A and E

(4) B and F

Options 1. 1

2. 2

3. 3

4. 4

Question Type : **MCQ**

Question ID : **4795483498**

Option 1 ID : **47954813853**

Option 2 ID : **47954813854**

Option 3 ID : **47954813855**

Option 4 ID : **47954813856**

Status : **Answered**

Chosen Option : **3**

Q.8 Three different positions of the cube are shown in figures x, y and z. Based in this information answer the question given below :
Which symbol is at the bottom of fig, (y) ?

(1) Triangle

(2) Dot

(3) Circle

(4) Arrow

Options 1. 1
2. 2
3. 3
4. 4

Question Type : **MCQ**

Question ID : **4795483521**

Option 1 ID : **47954813945**

Option 2 ID : **47954813946**

Q.18 Given below are two statements numbered (I) and (II) followed by four conclusions numbered (I), (II), (III) and (IV).

Statements : (I) All politicians are honest

(II) All honest are fair

Conclusions : (I) Some honest are politicians

(II) No honest is politician

(III) Some fair are politicians

(IV) All fair are politicians

Read the conclusions and then decide which of the given conclusion(s) logically follow(s) from the given statements.

(1) Only (IV) follows

(2) Only (I) follows

(3) Only (I) and (II) follow

(4) Only (I) and (III) follow

Options 1. 1

2. 2

3. 3

4. 4

Q.19 Given below are two statements numbered (I) and (II). Based on the statements answer the question that follow.

(I) Advika was born on an even date of the month.

(II) Advika's birth date was a prime number.

On which date was Advika born in February 2004 ?

(1) 2nd February, 2006

(2) 6th February, 2004

(3) 4th February, 2004

(4) 2nd February, 2004

Options 1. 1

2. 2

3. 3

4. 4

Q.20 In the following question, jumbled letters of a meaningful word are given. Rearrange these letters and select from the given alternatives the word which is almost similar in meaning to the rearranged word.

ITGNDLEI

(1) Intelligent

(2) Quick

(3) Laborious

(4) Difficult

Options 1. 1

2. 2

3. 3

4. 4

Q.21 Choose which of (a), (b), (c), (d) boxes can be formed by using the paper sheet given below.

(Paper sheet)

(a)   (b)   (c)   (d)
(1) (a) and (c) only

(2) (c) and (d) only

(3) (a) and (d) only

(4) (b) only

Options 1. 1

2. 2

3. 3

4. 4

Q.22 Choose the correct water image of the given figure :

(1)

(2)

(3)

(4)
Options 1. 1
2. 2
3. 3
4. 4

Question Type : **MCQ**
Question ID : **4795483510**
Option 1 ID : **47954813901**

Comprehension:

Read the given passage carefully and answer the question that follow :

At a time when younger people are privileging smartphones, televisions and video games over other sources of entertainment, a nearly 55-year-old museum housing thousands of dolls from across the globe is still maintaining its old world charm and attracting not only children and teenagers, but also the visitors of all age groups. This is not really surprising, as it actually transports you into a world where you can forget the woes of the present.

With over 7,500 dolls on display, Shankar's International Dolls Museum in the capital not only entertains children but also teaches them about art, culture and the costumes of different communities. The idea of dolls collection was born when eminent political cartoonist and journalist K. Shankar Pillai, better known simply as Shankar, received one as a gift from the Hungarian Ambassador in the early 1950s. Shankar fell so much in love with the doll that he began to collect costume dolls whenever he visited any country.

Soon, he was able to collect a fair number of dolls as his visits to foreign nations were frequent. He began to exhibit the dolls across the country after he was able to collect a sufficient number, but the frequent packing and unpacking was damaging the dolls.

The idea then emerged of a permanent space for the dolls and that is how the museum was setup. The museum is located in Nehru House on Bahadur Shah Zafar Marg in the building that houses the Children's Book Trust, which was also set up by Shankar.

The museum began in 1965 with 1,000 dolls. Now there are more than 7,500 from over 85 countries. The museum has the largest collection of costume dolls in the world. Divided into two equal halves, one section of the museum is dedicated to Western countries like the UK and the US, Australia and New Zealand, as also the Commonwealth of Independent States, and the other half to Asian, African and Middle-East countries, including India. Several countries have gifted dolls to the museum to represent their country's culture.

Apart from those dolls received in exchange, there are numerous dolls made at the workshop attached to the museum, including authentic Indian dolls in traditional attire. The dolls are sent as 'return gifts' for the dolls gifted by various countries.

SubQuestion No : 1

Q.1   Why do you think the dolls made in-house were sent as 'return gifts' :

(1)   because there was no space in the museum to accommodate more dolls

(2)   as a token of thanks

(3)   because the Hungarian ambassador presented a gift

(4)   so that business with that country can be advanced

Options 1. 1

2. 2

3. 3

4. 4

With over 7,500 dolls on display, Shankar's International Dolls Museum in the capital not only entertains children but also teaches them about art, culture and the costumes of different communities. The idea of dolls collection was born when eminent political cartoonist and journalist K. Shankar Pillai, better known simply as Shankar, received one as a gift from the Hungarian Ambassador in the early 1950s. Shankar fell so much in love with the doll that he began to collect costume dolls whenever he visited any country.

Soon, he was able to collect a fair number of dolls as his visits to foreign nations were frequent. He began to exhibit the dolls across the country after he was able to collect a sufficient number, but the frequent packing and unpacking was damaging the dolls.

The idea then emerged of a permanent space for the dolls and that is how the museum was setup. The museum is located in Nehru House on Bahadur Shah Zafar Marg in the building that houses the Children's Book Trust, which was also set up by Shankar.

The museum began in 1965 with 1,000 dolls. Now there are more than 7,500 from over 85 countries. The museum has the largest collection of costume dolls in the world. Divided into two equal halves, one section of the museum is dedicated to Western countries like the UK and the US, Australia and New Zealand, as also the Commonwealth of Independent States, and the other half to Asian, African and Middle-East countries, including India. Several countries have gifted dolls to the museum to represent their country's culture.

Apart from those dolls received in exchange, there are numerous dolls made at the workshop attached to the museum, including authentic Indian dolls in traditional attire. The dolls are sent as 'return gifts' for the dolls gifted by various countries.

SubQuestion No : 6

Q.6 Shankar's International Dolls Museum came up as a permanent exhibit because :

(1) Museum is a good source of income.

(2) Only museums can preserve traditions and cultures.

(3) Frequent travels for their exhibition and their packing and unpacking was damaging the dolls.

(4) The dolls represent the achievements of that country.

Options 1. 1

2. 2

3. 3

4. 4

Comprehension:

Read the given passage carefully and answer the question that follow :

At a time when younger people are privileging smartphones, televisions and video games over other sources of entertainment, a nearly 55-year-old museum housing thousands of dolls from across the globe is still maintaining its old world charm and attracting not only children and teenagers, but also the visitors of all age groups. This is not really surprising, as it actually transports you into a world where you can forget the woes of the present.

With over 7,500 dolls on display, Shankar's International Dolls Museum in the capital not only entertains children but also teaches them about art, culture and the costumes of different communities. Chosen Option : **4**

Q.4 Which of the following are the purposes of a router ?

(A) To connect two or more networks together.

(B) To forward packets between networks.

(C) To route packets to their destinations.

Choose the most appropriate answer from the options given below :

(1) (A) and (B) only

(2) (B) and (C) only

(3) (A) and (C) only

(4) (A), (B) and (C)

Options 1. 1
2. 2
3. 3
4. 4

Question Type : **MCQ**
Question ID : **4795483639**
Option 1 ID : **47954814409**
Option 2 ID : **47954814410**
Option 3 ID : **47954814411**
Option 4 ID : **47954814412**
Status : **Answered**
Chosen Option : **1**

Q.5 Which of the following statements are **true** in the context of computers ?

(A) CPU consists of millions of tiny switches called registers.

(B) ASCII code can represent more than 4 billion different characters or symbols.

(C) A program is a copy made from secondary memory to primary memory for execution.

(D) Cache memory performance is often measured in millions of instruction per second.

(E) Arithmetic Logic Unit gives signal to CPU to perform arithmetic and logic functions.

Choose the most appropriate answer from the options given below :

(1) (A) and (C) only

(2) (B) and (D) only

(3) (C) and (E) only

(4) (D) and (E) only

Options 1. 1

2. 2

3. 3

4. 4

Question Type : **MCQ**
Question ID : **4795483645**
Option 1 ID : **47954814433**
Option 2 ID : **47954814434**
Option 3 ID : **47954814435**
Option 4 ID : **47954814436**
Status : **Answered**
Chosen Option : **3**

Q.6 Identify the statements which are **false** in the context of computer hardware.

(A) The sound card translates digital signal into analog signal that drives the speakers.

(B) The video controller is an interface between the monitor and the CPU.

(C) A monitor's resolution is determined by the dimension of the monitor.

(D) The video controller connects the CPU via the databus on the motherboard to the monitor.

(E) A LCD monitor uses crystals that become opaque when pressure is applied.

Choose the most appropriate answer from the options given below :

(1) (C) and (E) only

(2) (A) and (C) only

(3) (B) and (E) only

(4) (A) and (D) only

Options 1. 1

2. 2

3. 3

4. 4

Question Type : **MCQ**

Q.9 The equivalent of boolean expression, $F = \overline{AB} + \overline{A} + AB$ is :

(1) A

(2) B

(3) 1

(4) 0

Options 1. 1
2. 2
3. 3
4. 4

Q.10 Which of the following factors **does not** affect the speed of a computer ?

(A) CPU register

(B) System clock

(C) System Bus

(D) Cache memory

(E) Keyboard

Choose the most appropriate answer from the options given below :

(1) (B) and (C) only

(2) (A) and (D) only

(3) (C) and (E) only

(4) (E) only

Options 1. 1
2. 2
3. 3
4. 4
