10th Dec Shift 1

100 Questions

Que. 1 Directions: Read the passage given below and answer the questions that follow by choosing the correct/most appropriate options:

Born in Washington, D.C., in 1941, John Edgar Wideman has led a life filled with remarkable achievement and terrible **tragedy**. He is the author of seven novels, three collections of short stories, and two books of nonfiction. He has taught at the University of Pennsylvania, the University of Wyoming, and the University of Massachusetts, where he is currently a member of the faculty. When Wideman was still a baby, his family moved from Washington to Pittsburgh and settled in Homewood, a black neighborhood with a rich history that would later inspire several books. Within a decade, however, Wideman's family moved from Homewood to the predominantly white, upper-class neighborhood of Shadyside. John flourished in school, becoming captain of the basketball team and the class valedictorian. In 1959, he entered the University of Pennsylvania on a scholarship, intending to be a psychology major. After switching to English as a major, he continued to excel as both a student and an athlete, winning the election to Phi Beta Kappa and all Ivy-league in basketball. By his senior year, Wideman had decided to become a writer.

After graduation in 1963, Wideman became the first African American to win a Rhodes Scholarship since Alain Locke in 1905. _____ Oxford, he continued to study literature and began his teaching career in the summer term at Howard University in Washington, D.C. In 1965, he married Judith Ann Goldman and the next year received his degree from Oxford. After attending the famous University of Iowa's Writer's Workshop and publishing his first novel, *A Glance Away*, Wideman returned to the University of Pennsylvania to teach. After students asked him to teach a course in African-American literature, Wideman began his own personal exploration of black literature and reconsidered his own voice as an African-American writer. After publishing two more novels, Wideman entered an eight-year fallow period. In the mid-1970s two things happened that changed the course of Wideman's life. He accepted an offer from the University of Wyoming and moved away from his roots and history to the virtually all-white world of Laramie. Within a year, his brother Robby, who had remained in the Pittsburgh area, was sentenced to life imprisonment for armed robbery and murder. After an exceptionally productive ten-year period, Wideman and his family *moved back* east and he began teaching at the University of Massachusetts in *Amorist*, a position he continues to hold. The same year in which they moved east, 1986, the Wideman family experienced yet another tragedy when his middle child, Jacob, **confessed** to killing a roommate at summer camp and, at eighteen years old, was sentenced to life in prison.

Choose the **antonym** of the word '**Tragedy**'.

1. Devastation
2. Serendipity
3. Catastrophe
4. Adversity
5. None of the above

Correct Option - 2

Que. 2 Choose the **synonym** of the word '**Confessed**'.

1. Veiled
2. Obscured
3. Concealed
4. Divulged
5. None of the above

Correct Option - 4

Que. 3 Choose the most appropriate **meaning of the given idiom** from the passage:

Moved back

1. To cause or compel someone or something to move backward or away from someone or something.
2. To move backward and away.
3. To return to a previous location.
4. To give help or support to somebody or something.
5. None of the above

Correct Option - 3

Que. 4 What will fit in the blank taken from the passage: " Oxford, he continued to study literature and began his teaching career in the summer term at Howard University in Washington, D.C."

1. In
2. After
3. From
4. At
5. None of the above

Correct Option - 4

Que. 5 Which of the following **is/are correct** according to the given passage?

- A. Wideman received his degree from Oxford after his marriage.
- B. Wideman's first child confessed to killing a roommate.
- C. Wideman's son Robby was sentenced to life imprisonment.

1. Only A
2. Both A and B
3. Only B
4. Both B and C
5. None of the above

Correct Option - 1

Que. 6 Which of the following **is/are correct** according to the given passage?

- A. By his senior year, Wideman had decided to become an athlete.
- B. Wideman's family moved from Shadyside to Homewood.
- C. Wideman is the author of two books of nonfiction.

1. Only A
2. Both A and B
3. Only B
4. Only C
5. None of the above

Correct Option - 4

Que. 7 When did John Edgar Wideman get married?

1. In 1905.
2. In 1941.
3. In 1965.
4. In 1963.
5. None of the above

Correct Option - 3

Que. 8 Why was Wideman's brother sentenced to life imprisonment?

1. For killing a roommate at summer camp.
2. For killing Wideman's wife.
3. For killing Wideman's middle son.
4. For armed robbery and murder.
5. None of the above

Correct Option - 4

Que. 9 What is the name of John Edgar Wideman's first novel?

1. Phi Beta Kappa.
2. A Glance Away.
3. All Ivy-league.
4. A black neighborhood with a rich history.
5. None of the above

Correct Option - 2

Que. 10 How old was Wideman's child, when he was sentenced to life in prison?

1. 18 years.
2. 27 years.
3. 10 years.
4. 21 years.
5. None of the above

Correct Option - 1

Que. 11 The question sentence has been divided into 5 parts, from (A) to (E). Any part of the sentence carries an error. Find the error based on Adjective. If there is no error, mark 'Option E' i.e. No error.

This book is undoubtedly (A) preferable than that (B) and its printing is (C) also comparatively good. (D) No error (E)

1. A
2. E
3. C
4. B
5. D

Correct Option - 4

Que. 12 The question sentence has been divided into 5 parts, from (A) to (E). Any part of the sentence carries an error. Find the error based on Adjective. If there is no error, mark 'Option E' i.e. No error.

Everybody knows that (A) Radha is the most (B) unique singer and (C) dancer in this college. (D) No error (E)

1. D
2. C
3. B
4. E
5. A

Correct Option - 3

Que. 13 Directions: Read the following sentence and determine whether there is any error in it. The error, if any, will be in one part of the sentence. If the sentence is error-free, select 'No error' as your answer.

There is but one law for all, /(A) namely, that law which govern all law, the law of our Creator, /(B) the law of humanity, justice and equity /(C)– the law of nature and of nations. /(D) No error (E)

1. A
2. B
3. C
4. D
5. E

Correct Option - 2

Que. 14 Directions: In this question, a sentence has been divided into four parts (1), (2), (3), (4). Read the sentence to find out whether there is any grammatical error in it. The error, if any, will be in one part of the sentence. Mark that part as your answer. If there is no error, the answer is 'No error'. Ignore the error of punctuations if any.

Despite his boasts that (1)/ his children were brilliant, (2)/ neither of him (3) / went to college. (4)/ No error (5)

1. (1)
2. (2)
3. (3)
4. (4)
5. (5)

Correct Option - 3

Que. 15 A sentence/a part of the sentence is underlined. Five alternatives are given to the underlined part which may improve the meaning of the sentence. Choose the correct alternative and click the button corresponding to it. In case no improvement is needed, click the option corresponding to "No improvement".

No less than fifty people were killed in the terrorist attack.

1. No less than fifty peoples
2. No less that fifty people
3. Never less than fifty people

4. No fewer than fifty people
5. No improvement

Correct Option - 4

Que. 16 A sentence/a part of the sentence is underlined. Five alternatives are given to the underlined part which may improve the meaning of the sentence. Choose the correct alternative and click the button corresponding to it. In case no improvement is needed, click the option corresponding to "No improvement".

Ramesh did prepared his dinner yet.

1. did not prepare his
2. has not prepared his
3. have prepared yet
4. has not preparing his
5. No improvement

Correct Option - 2

Que. 17 A sentence/a part of the sentence is underlined. Five alternatives are given to the underlined part which will improve the meaning of the sentence. Choose the correct alternative. In case no improvement is needed, click the option corresponding to "No improvement."

I hardly stepped out of the house when it began to rain.

1. Than it began to rain
2. As it began to rain
3. Than it began raining
4. As it begin raining
5. No improvement

Correct Option - 5

Que. 18 A sentence/a part of the sentence is underlined. Five alternatives are given to the underlined part which may improve the meaning of the sentence. Choose the correct alternative and click the button corresponding to it. In case no improvement is needed, click the option corresponding to "No improvement".

Unless the administration will not take action, the exam will not resume.

1. would not take action
2. takes action
3. shall not take action
4. do not take action
5. No improvement

Correct Option - 2

Que. 19 Select the most appropriate word to fill in the blanks.

Thomas did not _____ the vegetables because he was busy.

1. bringing
2. bought

3. had bought
4. bring
5. was bringing

Correct Option - 4

Que. 20 In the given question, a sentence is given with a part of it missing and represented by a blank. Choose the phrase that can be placed in the given blank to make a meaningful and grammatically correct sentence.

It has been happening for more than a decade now, smoke from the fields of Haryana and Punjab, where farmers set fire to rice stubble, combines with Delhi's local sources of pollution _____.

1. to boost the quality of the city.
2. to worsen the fields of Haryana & Punjab.
3. to worsen the air quality.
4. to boost the income of farmers.
5. None of these

Correct Option - 3

Que. 21 Directions: Five sentences A, B, C, D, and E are given below, You need to rearrange the sentences so that the five sentences can together form a meaningful paragraph.

- A. When I was preparing for my final exams, I decided to study only one subject at a time.
B. I noticed that I could learn something way faster if I immersed myself in it for a few days.
C. Real success happens when we focus on one thing at a time.
D. Most of my peers studied multiple subjects a day.
E. And I only moved on to the next when I fully grasped the material.

Which of the following should be the FIRST sentence after rearrangement?

1. A
2. B
3. C
4. D
5. None of the above

Correct Option - 3

Que. 22 Which of the following should be the SECOND sentence after rearrangement?

1. A
2. B
3. C
4. D
5. None of the above

Correct Option - 1

Que. 23 Which of the following should be the THIRD sentence after rearrangement?

1. A

2. B
3. C
4. E
5. None of the above

Correct Option - 4

Que. 24 Which of the following should be the FOURTH sentence after rearrangement?

1. A
2. B
3. C
4. D
5. None of the above

Correct Option - 2

Que. 25 Which of the following should be the FIFTH sentence after rearrangement?

1. A
2. B
3. C
4. D
5. None of the above

Correct Option - 4

Que. 26 **Directions:** Study the given information carefully and answer the following questions.

Eight different boxes are kept one above the other, but not necessarily kept in the same order. Each box contains different items Chocolates, Papers, Toys, Books, Medicines, Pens, Pencils, and Ice Creams. The boxes are numbered as 1 to 8. The bottom-most box is numbered as 1 and the box above 1 is numbered as 2 and so on and the topmost box is numbered as 8. Medicines are kept in the lowermost box. Only three boxes kept between Toys and Medicines. Ice Cream box is kept immediately above Pens, which is immediately above Books. Chocolate boxes are kept above Papers but below Pens. Toys are kept above Pencils, which is immediately below Chocolates.

Which of the following is kept at the topmost box?

1. Toys
2. Ice Cream
3. Papers
4. Pens
5. Pencils

Correct Option - 2

Que. 27 How many boxes are there between the box on which Books is kept and the box on which Papers is kept?

1. Two
2. None
3. Four

4. Five
5. Three

Correct Option - 5

Que. 28 The number of boxes above the box on which Toys is kept is the same as the number of boxes below the box on which _____ is kept?

1. Pencils
2. Pens
3. Chocolates
4. Papers
5. Books

Correct Option - 3

Que. 29 Four among the five are the same in a certain way which among the following does not belong to that group?

1. Books
2. Chocolates
3. Papers
4. Pens
5. Ice Cream

Correct Option - 4

Que. 30 What is the box number in which Chocolates are kept?

1. 3rd
2. 4th
3. 2nd
4. 5th
5. 6th

Correct Option - 2

Que. 31 **Directions:** Study the following information carefully and answer the questions that follow:

Seven persons A, C, P, L, J, K, F are sitting around a circular table but not necessarily in the same order. Only two of them are facing inside. Three persons are sitting between F and P when counted from the right of F. L is sitting second to the left of K who is facing inside. L is not an immediate neighbor of A or F. Both the immediate neighbors of K are facing in opposite direction as that of K. The person sitting adjacent to both J and P is facing outside. A is sitting to the immediate left of F and facing outside. J is an immediate neighbor of neither F nor P. L is sitting to the immediate left of P.

Who is sitting to the immediate right of J?

1. P
2. C
3. F

- 4. L
- 5. A

Correct Option - 4

Que. 32 How many persons are sitting between K and P?

- 1. 1
- 2. 2
- 3. 4
- 4. 3
- 5. Either 2 or 3 persons

Correct Option - 5

Que. 33 If A and L interchange their positions, who will be sitting to the third left of L?

- 1. P
- 2. K
- 3. A
- 4. L
- 5. None of these

Correct Option - 3

Que. 34 Four of the following five are alike in a way and hence form a group. Choose the one that does not belong to the group.

- 1. F
- 2. K
- 3. J
- 4. L
- 5. A

Correct Option - 2

Que. 35 Who is sitting to the fifth right of F?

- 1. A
- 2. L
- 3. P
- 4. K
- 5. C

Correct Option - 5

Que. 36 **DIRECTIONS:** In the question below are given three statements followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding the commonly known facts.

Statements :

All galaxies are sun.
All stars are galaxies.
No comet is sun.

Conclusions :

I. All stars are sun.

II. No galaxy is comet.

1. Only Conclusion I follows
2. Only conclusion II follows
3. Either conclusion I or II follows
4. Neither Conclusion I nor II follows
5. Both Conclusion I and II follows

Correct Option - 5

Que. 37 **Direction:** In the question below are given three statements followed by two conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Some stars are moon.

No moon are sun.

Only a few sun are planet.

Conclusions:

I. Some stars are sun.

II. Some planet are sun.

1. Only I follows
2. Only II follows
3. None follows
4. Both follow
5. Either I or II follow.

Correct Option - 2

Que. 38 **Directions:** Study the information given below carefully and answer the questions that follow.

There are eight people Roshan, Ashok, Naman, Sanjay, Kunal, Deepak, Pankaj, and Lalit, who like different colour viz. Green, Yellow, Brown, Black, White, Red, Pink, and Orange, but not necessarily in the same order.

Neither Pankaj nor Deepak like Green and Yellow colour. Lalit and Ashok like White and Red colour but not necessarily in the same order. Sanjay does not like Green or Black colour. Either Ashok or Kunal likes Brown colour. Roshan, Lalit and Pankaj like Yellow, Red, and Pink colour but not necessarily in the same order.

Who likes orange colour?

1. Kunal
2. Sanjay
3. Roshan
4. Lalit
5. Deepak

Correct Option - 2

Que. 39 What is the favorite colour of Naman?

1. Red
2. Yellow
3. Green
4. Black
5. Pink

Correct Option - 3

Que. 40 Who likes Red colour?

1. Deepak
2. Ashok
3. Kunal
4. Roshan
5. None of the above

Correct Option - 5

Que. 41 Who likes Pink colour?

1. Deepak
2. Ashok
3. Roshan
4. Pankaj
5. Sanjay

Correct Option - 4

Que. 42 How many such pairs of digits are there in the number “9458167244”, each of which has as many digits between them in the number (both forward and backward direction) as they have between them in the numerical series?

1. Four
2. Three
3. Two
4. Five
5. More than five

Correct Option - 5

Que. 43 If it is possible to make only one meaningful 4 letter English word with the 1st, 3rd, 6th, and 8th letter of the word PROPELLER, which of the following will be the third letter from the left of that word? If no such word can be made give ‘X’ as the answer and if more than one such word can be made give ‘Y’ as the answer.

1. X
2. O

- 3. L
- 4. Y
- 5. E

Correct Option - 4

Que. 44 Read the following information carefully and answer the questions given below:

There are seven members S, T, U, V, W, X and Y in a family among them only 3 females. S is married to V. W is grandson of V who has two children. U is sister-in-law of Y who is unmarried. X is brother-in-law of S who is mother-in-law of U.

If, Z is the husband of Y, then how T is related to Z?

- 1. Father-in-Law
- 2. Son
- 3. Brother-in-Law
- 4. Uncle
- 5. None of these

Correct Option - 3

Que. 45 How X is related to Y?

- 1. Uncle
- 2. Brother
- 3. Mother
- 4. Sister
- 5. Grandson

Correct Option - 1

Que. 46 **Directions:** In the following question assuming the given statements to be true, find which of the conclusion among given conclusions is/are definitely true and then give your answers accordingly.

Statements: $O > R \geq I \geq G$; $I < N = A \leq L$

Conclusion:

I. $G \leq N$

II. $G < A$

- 1. Only conclusion I is true
- 2. Only conclusion II is true
- 3. Both conclusions I and II are true
- 4. Either conclusion I or conclusion II is true
- 5. Other than those given as Options

Correct Option - 2

Que. 47 **Direction:** In the following question assuming the given statements to be True, find which of the conclusion among given conclusions is/are definitely true and then give your answers accordingly.

Statements:

$L < B > M = U \geq T$; $Y \leq R \leq L$

Conclusions:

I. $T < B$

II. $B > Y$

1. Only II is true
2. Only I is true
3. Both I and II are true
4. Either I or II is true
5. None follows

Correct Option - 3

Que. 48 **Direction:** In the following question assuming the given statements to be true, find which of the conclusion among given conclusions is/are definitely true and then give your answers accordingly.

Statements: $M > L = O < K$; $O < Q \geq S$

Conclusions:

I. $K > Q$

II. $S > M$

1. Only I follow
2. Only II follow
3. Both I and II follow
4. Either I or II follows
5. Neither I nor II follows

Correct Option - 5

Que. 49 **Direction:** In the following question assuming the given statements to be true, find which of the conclusion among given conclusions is/are definitely true and then give your answers accordingly.

Statements: $A > C \geq E = D$; $E > G < K = H$

Conclusions:

I. $C > D$

II. $C = D$

1. Only I follow
2. Only II follow
3. Both I and II follow
4. Either I or II follows
5. Neither I nor II follows

Correct Option - 4

Que. 50 **Direction:** In the following question assuming the given statements to be true, find which of the conclusion among the given conclusion is/are definitely true, and then give your answers accordingly.

Statements: $J > K \geq P < Q$; $K < N > A$

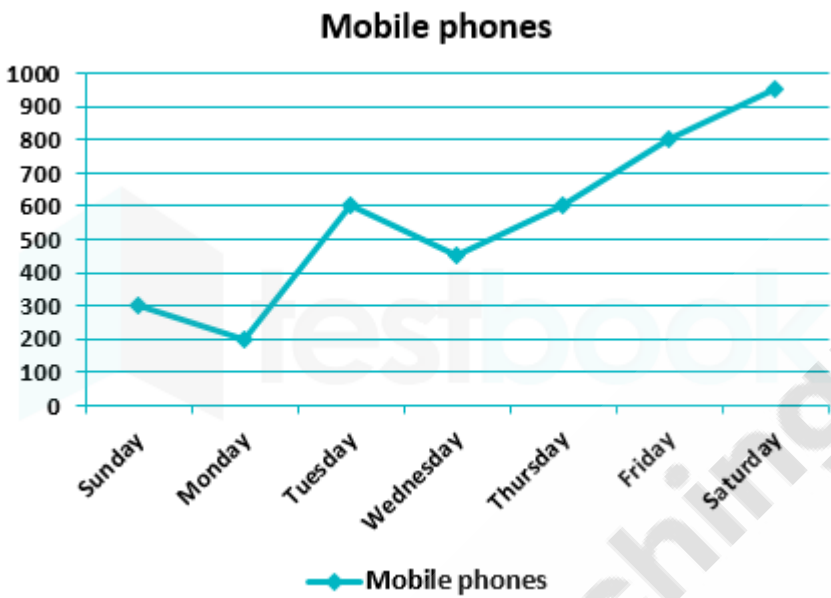

Conclusion:

I. $K < Q$

- II. $J > A$
- Both I and II follows
 - Only I follow
 - Only II follow
 - Either I or II follows
 - Neither I nor II follows

Correct Option - 5

Que. 51 **Direction:** Study the given line graph carefully and answer the given questions accordingly.
Given line graph shows the sales of mobile phones in a showroom on different days of a week.

Which day has the highest percent increase in sales as compared to the preceding day?

- Tuesday
- Wednesday
- Saturday
- Friday
- Monday

Correct Option - 1

Que. 52 Number of mobile phones sold on Wednesday is how much percent of the number of mobile phone sold on Tuesday?

- 50%
- 60%
- 75%
- 45%
- 80%

Correct Option - 3

Que. 53

Find the difference between the highest number of mobiles sold and the lowest number of mobiles sold in the given week?

1. 750
2. 475
3. 950
4. 375
5. 850

Correct Option - 1

Que. 54 Find the ratio of the number of mobiles sold on Wednesday and Saturday together to the number of mobiles sold on Sunday, Tuesday and Friday together?

1. 17 : 14
2. 14 : 17
3. 12 : 17
4. 17 : 12
5. 12 : 14

Correct Option - 2

Que. 55 What is the total number of mobile phones sold on all the given days?

1. 4100
2. 3700
3. 3900
4. 3950
5. 3600

Correct Option - 3

Que. 56 Find the difference in the number of mobiles sold on 1st three days of the week and on last three days of the week.

1. 1150
2. 1250
3. 1100
4. 1200
5. 1350

Correct Option - 2

Que. 57 In the given question, two equations numbered I and II are given. You have to solve both the equations and mark the appropriate answer-

I. $x^2 - 5x - 24 = 0$

II. $y^2 - 3y - 40 = 0$

1. $x > y$
2. $x < y$
3. $x \geq y$

4. $x \leq y$
5. $x = y$ or relationship between x and y cannot be established

Correct Option - 5

Que. 58 In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $x = \sqrt{529}$

II. $y^2 - 21y + 104 = 0$

1. $x > y$
2. $x < y$
3. $x \geq y$
4. $x \leq y$
5. $x = y$ or relationship between x and y cannot be established.

Correct Option - 1

Que. 59 In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $2x^2 - 4x + 2 = 0$

II. $2y^2 + y - 1 = 0$

1. $x > y$
2. $x < y$
3. $x \geq y$
4. $x \leq y$
5. No relation in x and y or $x = y$

Correct Option - 1

Que. 60 There is one wrong number in the series. Find the wrong number?

325, 259, 202, 160, 127, 105, 94

1. 259
2. 202
3. 94
4. 127
5. Answer not known

Correct Option - 2

Que. 61 Find the wrong term in the given series.

17, 22, 29, 36, 49, 62

1. 22
2. 49
3. 29
4. 36
5. None

Correct Option - 4

Que. 62 The ratio of the present age of Mohan to that of Rohan is 13 : 17. If the difference between the present ages of Rohan and Mohan after 10 years will be 12 years, then what is the sum of the present ages of Mohan and Rohan ?

1. 60
2. 90
3. 30
4. 120
5. 15

Correct Option - 2

Que. 63 In a mixture, the ratio of the alcohol and water is 3 : 2. When 85 litre of the mixture is replaced with water, the ratio becomes 2 : 3. Find the quantity of water in the mixture after replacement.

1. 74
2. 100
3. 153
4. 102
5. 109

Correct Option - 3

Que. 64 Kishan sells an article to Kamal at a profit of 25%. Kamal sells it to Kamlesh at a profit of 10% and Kamlesh sells it for Rs. 231 to Karunesh to get a gain of 5%. What is the cost price at which Kishan bought the article ?

1. Rs. 180
2. Rs. 160
3. Rs. 140
4. Rs. 120
5. None of these

Correct Option - 2

Que. 65 A can do the work in 15 days and is 50% more efficient than B. They started work together alternatively starting from A. Find in how many days, they both can complete the work.

1. 10 days
2. 15 days
3. 18 days
4. 12 days
5. 9 days

Correct Option - 3

Que. 66 Pooja borrowed sum of Rs. 30,000 at the rate of interest 7% per annum, then compound interest in T years is Rs.4347, so find the time period (in years) was:

1. 2 years

2. 4 years
3. 5 years
4. 3 years
5. None of these

Correct Option - 1

Que. 67 A man distributed his salary between his 3 children A, B and C in the ratio of 5 : 4 : 7 respectively. If the amount received by C was Rs. 34,300, then find the total amount the man had.

1. Rs. 72,800
2. Rs. 70,400
3. Rs. 78,400
4. Rs. 80,800
5. Rs. 72,600

Correct Option - 3

Que. 68 Average age of a group of 10 students is 12 years. If 5 new students join them, then the average age of the group increases by 1 years. The average age of the new students is

1. 13 years
2. 15 years
3. 16 years
4. 18 years
5. 17 years

Correct Option - 2

Que. 69 A train running at 90 km/h crosses an electric pole in 18 seconds and a platform in 65 seconds. What is the length of the platform?

1. 1125 m
2. 1335 m
3. 1200 m
4. 1175 m
5. 1225 m

Correct Option - 4

Que. 70 If monthly salary of A is 20% more than the salary of B. Salary of B is 30% salary of C. If their total salary per month is Rs. 74,700, then the salary of C is

1. Rs. 50,000
2. Rs. 45,000
3. Rs. 25,000
4. Rs. 35,000
5. Answer not known

Correct Option - 2

Que. 71 Thirty men working 7 hours a day can complete a piece of work in twenty days. In how many days can 21 men do the same work working 8 hours a day?

1. 24
2. 25
3. 26
4. 27
5. 30

Correct Option - 2

Que. 72 **Directions:** Read the caselet given below and answer the questions that follow:

The population of town A and B is 800 and 1200 respectively. If the percentage of farmers in town A is 30% of the population and of town B is 60% of the population. The number of female in town A is what percentage of the total number of male and female in town B?

1. 32%
2. 36%
3. 40%
4. 50%
5. 24%

Correct Option - 3

Que. 73 What is the total number of males of town A and B?

1. 1120
2. 720
3. 1020
4. 1220
5. None of these

Correct Option - 3

Que. 74 What is the difference between the number of females of town A and B?

1. 60
2. 20
3. 90
4. 120
5. 200

Correct Option - 2

Que. 75 What is the ratio of number of farmer-hours of a day of town A to town B?

1. 3 : 2
2. 4 : 3
3. 8 : 3

4. 1 : 2

5. 2 : 3

Correct Option - 4

Que. 76 Who wrote the book 'An era of Darkness'?

1. Anees Salim
2. Jerry Pinto
3. Mamang Dai
4. Shashi Tharoor
5. None of the above

Correct Option - 4

Que. 77 Who among the followings is the current Attorney General of India?

1. K.K. Venugopal
2. R. Venkataramani
