IDBI
Executive

Memory Based Paper
2016

150 Questions

Que. 1 How many pairs of letters are there in the word **"CREATIVE"** each of which have as many letters between them in the word as they have between them in the English alphabetical series?

1. Three
2. One
3. Four
4. Two
5. More than four

Correct Option - **1**

Que. 2 If the position of the fifth and twelfth letters of the word 'GLORIFICATIONS' is interchanged and likewise the positions of the fourth and fourteenth letters, the third and tenth letter, the second and eleventh letters and the first and thirteenth letters are interchanged, which of the following will be the twelfth letter from the right end?

1. T
2. O
3. R
4. J
5. None of these

Correct Option - **1**

Que. 3 What should come next in the following letter series?

A D F I K N P S U

1. W
2. X
3. Y
4. Z
5. V

Correct Option - **2**

Que. 4 **Directions:** Study the following information carefully to answer the given questions:

Kashish went 15 kilometers to the West from my house, then turned right and walked 20 kilometers. He then turned East and walked 25 kilometers and finally turning right covered 20 kilometers. How far was he from his house?

1. 5 kilometers
2. 10 kilometers
3. 40 kilometers

4. 80 kilometers

5. 20 kilometers

Correct Option **- 2**

Que. 5 How many such digits are there in the number 5236978 each of which is as far away from the beginning of the number as when the digits are rearranged in ascending order within the number?

1. None
2. One
3. Five
4. Two
5. Seven

Correct Option **- 2**

Que. 6 **Directions:** In the question below are given four statements followed by three conclusions numbered I, II and III. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Some teachers are principals.

No principal is a manager.

Some managers are trustees.

No trustees are teachers.

Conclusions:

I. Some teachers are managers.

II. Some teachers are not managers.

III. Some principals are trustees.

1. Only I follows
2. Either I or III follows
3. Only I & II follow
4. Either I or II follow
5. Only II follows

Correct Option **- 5**

Que. 7 **Directions:** In the question below are given four statements followed by three conclusions numbered I, II and III. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Some statues are rocks.

No rock is a wood.

Some woods are figures.

All figures are made of glass.

Conclusions:

I. Some woods are glass.

II. Some statues are glass.

III. Some rocks are not figures.

1. None follows
2. Either I or III follows
3. Only I follow
4. Only I & III follow
5. Only III follows.

Correct Option **- 3**

Que. 8 **Directions:** In the question below are given four statements followed by three conclusions numbered I, II and III. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Some nails are plates.

Some plates are disks.

All disks are mirrors.

All mirrors are tires.

Conclusions:

I. Some tires are plates.

II. Some tires are nails.

III. Some mirrors are plates.

1. None follows
2. Either I or II follow
3. Either II or III follow
4. Only I and III follows
5. None of these

Correct Option **- 4**

Que. 9 **Direction:** In the question below are given three statements followed by three conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Some mango are apple.

All apple are banana.

Some papaya are apple.

Conclusions:

I. Some banana are papaya.

II. Some mango are banana.

III. All banana are apple.

1. Only I and III follow
2. Only II follows
3. Only I and II follow
4. Only III follows
5. None follows

Correct Option - **3**

Que. 10 **Directions:** In the following question, three statements are given followed by three conclusions I, II and III. You have to consider the given statements to be true even, if they seem to be at variance with commonly known facts. Read all the conclusions and decide which of the following logically follows from the given statements disregarding the commonly known facts.

Statements:

Some Powder are Chalk.

All Powder are Dust.

All Dust are Snow.

Conclusions:

I. No Powder is Snow.

II. Some Dust are Chalk.

III. Some Chalk are Powder.

1. Only II follows
2. Only III follows
3. Only I and II follow
4. Only I and III follow
5. Only II and III follow

Correct Option - **5**

Que. 11 **Directions:** In the following questions, a group of letter followed by four combinations of digits/symbols numbered (1), (2), (3) and (4) is given. You have to find out which of the four combinations correctly represents the group of letters based on the following coding system and the conditions that follow and mark the number of that combination as your answer. If none of the combinations correctly represents the group of letters, mark (5) i.e. 'None of these' as your answer.

Letter	Y	X	D	W	V	Q	N	F	L	B	U	R	T	O	Z	H	I	J	A	G	E	C	K	M	P
Digit / Symbol Code	€	®	9	×	#	£	%	6	β	δ	7	8	©	¥	5	Ω	2	α	@	∞	4	π	1	3	$

Conditions:

i) If the first is a vowel and the last letter is a consonant, then both are to be coded as µ.

ii) If the first letter is a consonant and the last letter is a vowel, then their codes are to be interchanged.

iii) If both the first and the last letters are vowels, then both are to be coded as the first letter.

IFNVDE

1. 26%#92
2. 46%#92
3. 46%#94
4. μ6%#9μ
5. None of these

Correct Option **- 1**

Que. 12 | KEIMPD

1. 9423$1
2. 1423$9
3. 9423$9
4. 1423$1
5. None of these

Correct Option **- 2**

Que. 13 | RKPZFI

1. 81$562
2. 81$568
3. 21$562
4. 21$568
5. None of these

Correct Option **- 4**

Que. 14 | UBTIZN

1. 7δ©25%
2. %δ©257
3. μδ©25μ
4. 7δ©257
5. None of these

Correct Option **- 3**

Que. 15 | BAEFNP

1. δ©46%δ
2. $@46%δ

3. μ@46%μ
4. $@46%$
5. None of these

Correct Option - **5**

Que. 16 | **Directions:** Study the following information carefully and answer the questions given below.

Seven friends Priya, Shreya, Julie, Neha, Pallavi, Asha, and Rekha, use a mobile phone of seven different brands viz. Samsung, Nokia, Oppo, Vivo, Apple, Realme, and Redmi, but not necessarily in the same order. Also, these seven people are registered on three different networks namely Airtel, Jio, and Idea. At least two persons are registered on one network.

Julie is registered on Airtel. Asha uses either Nokia or Vivo. Pallavi is registered on one of the networks only with the person who uses Nokia. Asha is registered on the same network as the Redmi user. Either Priya or Rekha uses Redmi. Priya and Julie are registered on the same network along with the Oppo user. Shreya is registered on Jio. The Apple user is not registered on Airtel. Priya does not use Samsung.
Who uses Samsung mobile?

1. Asha
2. Rekha
3. Julie
4. Priya
5. Shreya

Correct Option - **3**

Que. 17 | Which of the following is correctly matched?

1. Priya – Jio
2. Asha – Airtel
3. Pallavi – Idea
4. Neha – Airtel
5. Rekha – Jio

Correct Option - **4**

Que. 18 | Which among the following combination represents the people registered on Idea network?

1. Neha and Pallavi
2. Priya and Asha
3. Neha and Rekha
4. Asha and Rekha
5. Asha and Neha

Correct Option - **4**

Que. 19 | Pallavi uses which brand of phone?

1. Apple
2. Redmi
3. Samsung
4. Realme
5. Oppo

Correct Option **- 1**

Que. 20 | Who uses Oppo?

1. Priya
2. Neha
3. Asha
4. Julie
5. Shreya

Correct Option **- 2**

Que. 21 | **Direction:** In the following questions, the symbols *, #, %, & and $ are used with the following meaning as illustrated below:

'X * Y' means 'X is neither less than nor greater than Y'.

'X # Y' means 'X is either greater than or equal to Y'.

'X % Y' means 'X is less than Y'.

'X & Y' means 'X is neither less than nor equal to Y'.

'X $ Y' means 'X is not greater than Y'.

Now in each of the following questions assuming the given statements to be True, find which of the conclusion/s given below them is/are definitely True?

Statements:

A % B, C & D, F * E # C, D % A

Conclusions:

I. D % B

II. E & A

III. F & D

1. Only Conclusion I is True.
2. Only Conclusion II is True.
3. Only Conclusion III is True.
4. Both Conclusions I and III are True.
5. Both Conclusions II and III are True.

Correct Option **- 4**

Que. 22 | **Statements:**

H # T, J % S, X & H, T * S

Conclusions:

I. H & S

II. H # J

III. J % X

1. Only Conclusion I is True.
2. Only Conclusion II is True.
3. Only Conclusion III is True.
4. Both Conclusions I and II are True.
5. Both Conclusions I and III are True.

Correct Option **- 3**

Que. 23 **Statements:**

K # L, M % N, M & T, T * F $ L

Conclusions:

I. L % M

II. K * T

III. F & N

1. Only Conclusion I is True.
2. Only Conclusion III is True.
3. Both Conclusions I and II are True.
4. Both Conclusion II and III are True.
5. None of the Conclusion is True.

Correct Option **- 5**

Que. 24 **Statements**

Q & P, Y * U, D % P, Y # D

Conclusions:

I. U * D

II. D $ U

III. D & U

1. Only Conclusion I is True.
2. Only Conclusion II is True.
3. Both Conclusions I and II are True.
4. Either Conclusion I or II is True.
5. Either Conclusion I or III is True.

Correct Option **- 2**

Que. 25 **Statements:**

Z * Y, F $ J, K % Z, F & Y

Conclusion:

I. J # Y

II. F & K

III. Z * F

1. All the conclusions are True.
2. Only Conclusion III is True.
3. Both Conclusions I and II are True.
4. Neither Conclusion I nor III are True.
5. Neither conclusion II nor conclusion III is True.

Correct Option - **4**

Que. 26 **Directions:** Study the following information carefully and answer the below questions

Eight persons- P, Q, R, S, T, U, V, and W are sitting on the rectangular table in such a way that two person sits on each side of the table and all of them are facing the centre but not necessarily in the same order.

Q sits third to the left of R. One person sits between R and V. W sits second right of R. One person sits between P and U. Q and V are not in the same side of the table. U is not an immediate neighbour of R nor T.

What is the position of Q with respect to T?

1. Second right
2. Second left
3. Third right
4. Third left
5. None of these

Correct Option - **2**

Que. 27 Which of the following statement is wrong?

I) QS are facing each other.

II) U is in second left of Q.

III) R is fifth left of U.

1. Only I is incorrect.
2. Only II is incorrect.
3. Only III is incorrect.
4. Both I and II are incorrect
5. Both I and III are incorrect

Correct Option - **5**

Que. 28 Four of the following five are alike in a certain way and hence form a group which of the following does not belong to the group?

1. UW
2. RP

3. QS
4. WP
5. UV

Correct Option **- 5**

Que. 29 How many persons sit between R and S?

1. One
2. Two
3. Three
4. More than three
5. Cannot be determine

Correct Option **- 3**

Que. 30 Which of the following persons sit between P and S?

1. UW
2. QR
3. VU
4. TW
5. None of the above

Correct Option **- 1**

Que. 31 **Direction:** Read the information carefully and answer the questions given below.

A word arrangement machine when given an input of words, rearranges them by following a particular rule in each step. The following is an illustration of input and steps rearrangement.

Input: 9 cat box 2 65 solve 47 when

Step 1: 65 9 cat box 2 solve 47 when

Step 2: 65 box 9 cat 2 solve 47 when

Step 3: 65 box 47 9 cat 2 solve when

Step 4: 65 box 47 cat 9 2 solve when

Step 5: 65 box 47 cat 9 solve 2 when

This is the final arrangement and Step 5 is the last step.

As per the rules followed in the given input, answer the question given below for the following input.

INPUT: denizen 41 denial 18 28 denitrify 5 63 denim denigrate.
How many steps are required to complete the rearrangement?

1. Eight
2. Nine
3. Five
4. Ten
5. Seven

Correct Option - **2**

Que. 32 Which one the following would be the fourth step of the given input.

1. 63 denial 41 denigrate denizen 18 28 denitrify 5 denim.
2. 63 denial 41 denigrate denitrify 5 denim denizen 18 28.
3. denial 63 41 denigrate denizen 18 28 denitrify 5 denim.
4. 63 denitrify 41 denigrate 5 denim denizen 18 28 denial.
5. None of the above.

Correct Option - **1**

Que. 33 Which of the following word is seventh from the right end, in Step6.

1. Denial
2. Denizen
3. Denigrate
4. Denitrify
5. None of these

Correct Option - **3**

Que. 34 What is the sum of the numbers which is fourth from left end in step 2 and fifth from left end in step 9.

1. 70
2. 69
3. 90
4. 68
5. 73

Correct Option - **2**

Que. 35 What is the difference between 80 and the number which is fourth from right end in step 5?

1. 67
2. 60
3. 98
4. 62
5. 61

Correct Option - **4**

Que. 36 **Directions:** Study the following information carefully to answer the given questions:

B # 8 4 Q @ C $ 7 Y J 9 K G $ Y % 8 X * 9 + M E 6 & U 1 T K

In the given arrangement, which element is 7th to the right of 11th element from the right end?

1. T
2. 0
3. U
4. 9
5. &

Correct Option **- 3**

Que. 37 In the given arrangement, how many such numbers are there which immediately followed by a letter and immediately preceded by a symbol?

1. Two
2. Three
3. More than three
4. One
5. None

Correct Option **- 1**

Que. 38 In the given arrangement, what is the sum of all numbers between @ and *?

1. 26
2. 32
3. 24
4. 27
5. 23

Correct Option **- 3**

Que. 39 If all the numbers are dropped from the arrangement then which element will be 9th from the left end?

1. Y
2. K
3. G
4. *
5. @

Correct Option **- 2**

Que. 40 In the above arrangement, how many symbols are there which is immediately followed by a letter but not immediately preceded by a number?

1. One
2. Two
3. Three
4. Four

5. Five

Correct Option **- 2**

Que. 41 **Directions: In the question below is given a statement followed by two courses of action numbered I and II. You have to assume everything in the statement to be true and on the basis of the information given in the statement, decide which of the suggested course of action logically follow(s) for pursuing.**

Statement: A student fails in all the subjects during the final exams because of which he is detained.

Courses of action:

I. Parents should accuse him of being disinterested in studies.

II. Parents should find a more able tuition teacher for him.

1. Only I follows.
2. Only II follows.
3. Either I or II follows.
4. Neither I nor II follows.
5. Both I and II follows.

Correct Option **- 4**

Que. 42 **Directions:** In the questions below are given statements followed by three courses of action numbered I, II and III. A course of action is a step or administrative decision to be taken for improvement, follow-up or further action in regard to the problem, policy, etc. Consider the information given in the statement to be true, decide which of the suggested courses of action logically follow(s) for pursuing.

Statements:

The number of dengue patients has increased drastically in these few months.

Courses of action:

I. Measures must be taken to stop mosquito breeding.

II. People must be made aware of the symptoms of dengue.

III. Everyone should have a mosquito net in their house.

1. Only I follows.
2. Only II follows.
3. Only III follows.
4. Both I and II follow.
5. All of the above follows.

Correct Option **- 5**

Que. 43 **Direction:** In the following question, a given question is followed by information in three statements. You have to find out the data in which statement (s) is sufficient to answer the question and mark your answer accordingly.

What is the direction of Y with respect to X?

I. X is south to Z.

II. Y is east to Z.

III.W is north to Z.

1. Statement II alone is sufficient.
2. Statement I and III together are sufficient.
3. Statement I and II together are sufficient.
4. Statement II and III together are sufficient.
5. All the statements together are sufficient.

Correct Option - **3**

Que. 44 **Direction:** In the following question, a given questions is followed by information in three statements. You have to find out the data in which statement (s) is sufficient to answer the question and mark your answer accordingly.

Is A the mother of C?

I. B is the husband of A.

II. C is the daughter of B.

III. D is the brother of C.

1. Statement I alone is sufficient.
2. Statements I and II together are sufficient.
3. Statement II and III together are sufficient.
4. Statement III is alone sufficient.
5. Statement I and III are sufficient.

Correct Option - **2**

Que. 45 **Direction:** The following question is followed by information given in three statements. You have to decide the data in which statement (s) is/are sufficient to answer the question and mark your answer accordingly.

What is the code for 'right' in the coded language?

I. 'op pq te' means 'she is right' and 'pq qr sm' means 'he is sincere'.

II. 'nm pu sf' means 'they are dancing' and 'pt sn pq' means 'sky is clear'.

III. 'op fr pq' means 'she is dancing' and 'te nm ln' means 'they answered right'.

1. Only I and II are sufficient.
2. Only I and III are sufficient.
3. Only II and III are sufficient.
4. Data is insufficient.
5. None of these.

Correct Option - **2**

Que. 46 **Direction:** In the following question, a given question is followed by information in three statements. You have to find out the data in which statement(s) is sufficient to answer the question and mark your answer accordingly.

Eight members A, B, C, D, E, F, G and H are sitting around a circular table facing outward. Who sits third to the right of G?

I. A is to the immediate right of E, who is third to the right of B.

II. G is fourth to the right of H, who is third to the left of A.

III. H is not an immediate neighbor of G.

1. All the statements are required.
2. Only I is sufficient
3. Only II is sufficient.
4. Both I and II together are sufficient.
5. Question cannot be answered even with the information in all three statements.

Correct Option - **4**

Que. 47   **Direction:** The following question consists of three statements numbered I, II and III. Decide if data given in the statements are sufficient to answer the questions below.

Six person B, Q, S, X, R and Z are sitting in a row facing north.

Statements:

I. B and Q are at the ends.

II. R and Z are at the centre.

III. S is sitting on the immediate left of B
Who is sitting to the immediate right of Q?

1. All the three statements are needed
2. Only I and II are sufficient
3. Only I and III are sufficient
4. Only II and III are sufficient
5. Insufficient data

Correct Option - **1**

Que. 48   **Directions: In the question, a statement is given, followed by two arguments, I and II. You have to consider the statement to be true even if it seems to be at variance from commonly known facts. You have to decide which of the given arguments, if any, is a strong argument.**

Statement: High School kids should start earning through makeshift arrangements to meet their personal expenses.

Argument:

I. Yes, it will enable them to plan budgets and understand the value of money.

II. No, if they start earning early they can buy a house of their own and leave their families.

1. Only I is strong.
2. Only II is strong.
3. Either I or II is strong.
4. Both arguments are strong.
5. Neither argument is strong.

Correct Option - **1**

Que. 49 **Directions:** In making decisions about important questions, it is desirable to be able to distinguish between strong and weak arguments. Strong arguments are those, which are both important and directly related to the question. Weak arguments are those, which are of minor importance and also may not be directly related to the question or may be related to a trivial aspect of the question. The question below is followed by two arguments numbered I and II. You have to decide which of the arguments a Strong argument is and which a weak argument is.

Statement:

Should promotions in the armed forces be made on the basis of seniority?

Arguments:

I. No, patriotism is the most important attribute for such promotions.

II. No, it would be an injustice to the juniors who are more deserving and suitable for higher positions.

1. If only argument I is strong.
2. If only argument II is strong.
3. If either I or II is strong.
4. If neither I nor II is strong.
5. If both I and II are strong.

Correct Option - **2**

Que. 50 **Directions:** One statement is given, followed by two inferences I and II. You have to consider the statements to be true, even if it seems to be at variance from commonly known facts. You have to decide which of the given inferences, if any, follows from the given statement.

Statement:

Ram was asked by the Traffic police to remove his car parked in the narrow bridge.

Inferences:

I. Vehicles should not be parked in the narrow bridge.

II. Ram parked his car where parking was not allowed.

1. Only I follows
2. Only II follows
3. Both I and II follows
4. Either I or II follows
5. Neither I nor II follows

Correct Option - **3**

Que. 51 **Read the passage given below and then answer the questions given below the passage. Some words may be highlighted for your attention. Read carefully.**

Pakistani officials have threatened to use nuclear weapons should India invade, after India's new army chief admitted to **clandestine** military plans for attacking its neighbour in the event of a crisis.

Three officials in Islamabad have revealed that Pakistan would take all necessary measures to defend itself should India ever put into action long-rumoured "cold-start" plans to attack Pakistani territory following an event such as a major terrorist incident. "If ever our national security is threatened by advancing foreign forces,

Pakistan will use all of its weapons — and I mean all of our weapons — to defend our country," one of the officials said. The comments came two weeks after Bipin Rawat, the newly appointed head of the Indian army, acknowledged the existence of "cold start".

The cold-start strategy is designed to enable an instant response to crisis including attacks by militants launched from Pakistani soil, and would mean Indian troops entering Pakistan and occupying positions along the border before Islamabad could prepare or the international community could intervene. The arms build-up in the region has raised the nuclear stakes.

According to a 2010 diplomatic cable from the then US ambassador in New Delhi released by WikiLeaks, the plan is designed to enable a rapid response to a crisis without threatening the survival of the Pakistani state — or triggering a nuclear response. Tensions between the two nuclear-armed neighbours have remained high since last September's attack on the Indian army base at Uri in Kashmir, which killed 19 soldiers.

India responded with what it called "surgical strikes" across the **de facto** border with Pakistan. Since then there have been more minor assaults. India's National Investigation Agency on Thursday said the militant Islamist group Lashkar-e-Taiba was to blame for the Uri attack.

This month, meanwhile, Pakistan carried out its first test of a nuclear-capable missile from a submarine. Uri attack has refocussed Indian attention on how it responds to terror attacks that it believes originate from Pakistan, such as those in Mumbai in 2008 and at the Indian parliament in 2001.

While India has never before acknowledged the cold-start retaliation **doctrine**, Pakistan has used rumours of its existence to justify keeping its defences high on the Indian border, even as its foreign partners have urged it to redeploy troops to fight Islamists elsewhere. India refrains from nuclear attacks as not only will it lead to irreparable destruction but also be against India's theory of 'judicious use' of nuclear weapons validated through several treaties signed by it.

"It is understandable in the wake of the surgical strikes that the Modi government would want to signal to Pakistan that all options are on the table in the event of another terror attack within India," said Walter Ladwig, a lecturer in international relations at King's College, London. "However, reviving cold start — if that is what has happened — certainly escalates the rhetoric, and may raise unrealistic expectations domestically about India's ability to respond to a new terror attack."

Mahmud Durrani, a former national security adviser to the Pakistani prime minister, said: "Pakistan already fears a rapid build-up of India's conventional weapons. The danger is that with such warnings [of cold start], the escalatory ladder of going from conventional weapons to nuclear weapons for Pakistan will be shortened. "Western diplomats in Islamabad, however, doubt whether India would use the cold-start plan.

"Right now, its more psychological," said one. "But that's not to say that we shouldn't worry about this situation. India and Pakistan both have nuclear weapons. **Going by the books**, the two nuclear states cannot afford a war, but there is always uncertainty."

Why was India so cautious in devising a plan that wasn't so strong so as to trigger a nuclear response, even though India is well equipped in the nuclear department as well?

1. Pakistan is a much stronger nuclear power than India.
2. It doesn't want to agitate Pakistan.
3. India can't use its own nuclear weapons in case Pakistan does attack.
4. It's false and India is not afraid of Pakistan's nuclear weapons.
5. A nuclear war will be catastrophic to both countries and will also lead to the breach of several global nuclear agreements signed by India.

Correct Option - **5**

Que. 52 | How does Pakistan rationalize its attack minded positioning of troops at the border?

1. It does not want a repeat of Uri attacks.

2. It is being cautious due to the rumoured existence of India's cold start strategy.

3. It wants to prevent terrorists crossing the border.

4. It can use its position to surprise India with its nuclear weapons.

5. It's preparing for a war.

Correct Option - **2**

Que. 53 What was the cause of such bold statements being issued by Pakistan?

1. India's surgical strikes.

2. India threatening more strikes in the future.

3. India accepting existence of secret attack plans.

4. Terrorist attack.

5. Pakistan's new weapons are powerful and it wanted to make India aware.

Correct Option - **3**

Que. 54 How did India respond to the Uri attacks?

1. Bombing specific Pakistan military areas.

2. Giving out a public statement regarding Lashkar-e-Taiba.

3. C
4. F
5. E

Correct Option - **4**

Que. 87 Which of the following should be the **THIRD** sentence after rearrangement?

1. B
2. F
3. C
4. E
5. G

Correct Option - **3**

Que. 88 | Which of the following should be the **FIFTH** sentence after rearrangement?

1. A
2. G
3. C
4. D
5. E

Correct Option - **2**

Que. 89 | Which of the following should be the **SIXTH** sentence after rearrangement?

1. A
2. B
3. C
4. D
5. G

Correct Option - **1**

Que. 90 | Which of the following should be the **SEVENTH** sentence after rearrangement?

1. A
2. G
3. C
4. F
5. E

Correct Option - **5**

Que. 91 | **Below, a passage is given with five blanks labeled (A)-(J). Below the passage, four options are given for each blank. Choose the word that fits each blank most appropriately in the context of the passage, and mark the corresponding answer.**

The problem is that banks ___(A)___ reach a vast majority of the rural population; and so the rural poor have limited access to organized ___(B)___ transparent financial services such as savings, loans, ___(C)___ and insurance services etc. It is important for them to have access to banking services, especially credit and insurance, to enlarge livelihood opportunities and to ___(D)___ themselves to take charge of their lives.

The unorganized sector of lending is believed to be acting as a problem to the growth impetus in these sectors. In several villages, farmers still go to traditional money lenders like zamindars for ___(E)___ sums of a few hundred or thousand rupees and get into debt trap for their whole lives. As a result, farmer suicides, bonded labour naxalism and political and social unrest and on top of it, poor financial management, which ___(F)___ had been done smartly would have helped in economic growth of their own self and economy.

Project Financial Literacy of the RBI is one such initiative ___(G)___ - dual purpose. First, financial inclusion of the rural poor and second, to tap the growth potential in rural markets by volume growth for banks through edutainment (education + entertainment).Its objective is to ___(H)___ information about the central bank and

general banking ___(I)___ to various target groups like children, women, self help groups etc., using development communication and increasing the habit of saving in rural poor. Because if in an economy, saving is more than 30% for 7 ___(J)___ years, the GDP doubles and India can't ignore the rural sector to increase our savings.

Which of the following words most appropriately fits the blank labeled (A)?

1. Is not been able
2. Will not been able
3. Has not been able
4. Are been able
5. Have not been able

Correct Option - **5**

Que. 92 Which of the following words most appropriately fits the blank labeled (B)?

1. And
2. But
3. So
4. Therefore
5. Because

Correct Option - **1**

Que. 93 Which of the following words most appropriately fits the blank labeled (C)?

1. Delivery
2. Installment
3. Remittances
4. Return
5. Allowance

Correct Option - **3**

Que. 94 Which of the following words most appropriately fits the blank labeled (D)?

1. Discoourage
2. Ban
3. Reject
4. Empower
5. Revoke

Correct Option - **4**

Que. 95 Which of the following words most appropriately fits the blank labeled (E)?

1. Abundant
2. Large
3. Lavish
4. Ample
5. Meager

Correct Option - **5**

Que. 96 | Which of the following words most appropriately fits the blank labeled (F)?

1. For
2. And
3. When
4. How
5. If

Correct Option - **5**

Que. 97 | Which of the following words most appropriately fits the blank labeled (G)?

1. Under
2. Above
3. Below
4. At
5. Of

Correct Option - **5**

Que. 98 | Which of the following words most appropriately fits the blank labeled (H)?

1. Collect
2. Gather
3. Disseminate
4. Absorb
5. Accumulate

Correct Option - **3**

Que. 99 | Which of the following words most appropriately fits the blank labeled (I)?

1. Facts
2. Thoughts
3. Plans
4. Concepts

5. Beliefs

Correct Option **- 4**

Que. 100 Which of the following words most appropriately fits the blank labeled (J)?

1. Alternate
2. Interrupted
3. Broken
4. Discontinued
5. Consecutive

Correct Option **- 5**

Que. 101 What will come in the place of the question mark '?' in the following question?
$(27 + 498) \div 25 = ?$

1. 17
2. 25
3. 21
4. 12
5. Other than those given as options

Correct Option **- 3**

Que. 102 What will come in place of the question mark?
3.2 of 50 × 25% of ? = 280

1. 6
2. 7
3. 9
4. 8
5. 5

Correct Option **- 2**

Que. 103 What will come in the place of the question mark '?' in the following question?
$5616 \div 18 \div 8 = ?$

1. 34
2. 39
3. 38
4. 37
5. None of these

Que. 104 | What will come in the place of the question mark '?' in the following question?

56 − (14 × 2) ÷ 7 = ?

1. 52
2. 70
3. 26
4. 40
5. 90

Correct Option - **1**

Que. 105 | What will come in place of question mark (?) in the following equation?

$(15/11) \times 143 + 30 = ?^2$

1. 12
2. 25
3. 10
4. 8
5. 15

Correct Option - **5**

Que. 106 | What will come in place of the question mark '?' in the following question?

$\frac{23}{?} = \frac{3}{10} + \frac{5}{14}$

1. 25
2. 70
3. 35
4. 45
5. None of these

Correct Option - **3**

Que. 107 | What approximate value will come in the place of the question mark '?' in the following question?

323.27 ÷ 16.96 × 18.99 = ?

1. 351
2. 324
3. 461
4. 361
5. 341

Que. 108   What approximate value should come in place of the question mark (?) in the following question?

$8.01 + (4.99)^2 - 26.99 = ?$

1.   6
2.   5
3.   7
4.   8
5.   4

Correct Option **- 1**

Que. 109   What approximate value will come in place of question mark (?) in the following question?

$\sqrt{441.69} + \sqrt{1155.99} + \sqrt{196.06} = ?$

1.   69
2.   71
3.   87
4.   51
5.   79

Correct Option **- 1**

Que. 110   Find out the approximate value which should replace the question mark (?) in the following question.

$39.96\% \text{ of } (198.99 + 5.99^2) = ?$

1.   94
2.   96
3.   95
4.   97
5.   99

Correct Option **- 1**

Que. 111   What should come in place of question mark (?) in the following question? (You do not have to calculate the exact value.)

$160.4 \times 9.864 - 56.321 = ?$

1.   1544
2.   1500
3.   1564
4.   1549
5.   1554

Que. 112 What should come in place of question mark (?) in the following questions? (You do not have to calculate the exact value.)

$12^2 – ? = \sqrt{785}$

1. 85
2. 100
3. 90
4. 116
5. 102

Correct Option - **4**

Que. 113 What should come in place of the question mark '?' in the following number series?

11, 16, 26, 46, ?, 166

1. 94
2. 70
3. 78
4. 86
5. 80

Correct Option - **4**

Que. 114 What should come in place of the question mark '?' in the following number series?

2, 5, 11, 20, ?, 47, 65

1. 32
2. 22
3. 42
4. 24
5. 36

Correct Option - **1**

Que. 115 What should come in place of the question mark '?' in the following number series?

3, 7, 15, ?, 43, 63

1. 32
2. 25
3. 27
4. 36
5. 21

Que. 116 What should come in place of the question mark '?' in the following number series?
4, 5, 9, 18, 34, 59, ?

1. 46
2. 100
3. 89
4. 85
5. 95

Correct Option - **5**

Que. 117 What should come in place of the question mark '?' in the following number series?
10, 29, 58, ?, 146

1. 97
2. 99
3. 102
4. 87
5. 92

Correct Option - **1**

Que. 118 What should come in place of the question mark '?' in the following number series?
17, 33, 65, 129, ?

1. 170
2. 233
3. 165
4. 200
5. 257

Correct Option - **5**

Que. 119 What should come in place of the question mark '?' in the following number series?
99, 109, ?, 169, 249, 409

1. 99
2. 129
3. 109
4. 119
5. 125

Correct Option - **2**

Que. 120   What should come in place of the question mark '?' in the following number series?

408, 204, 102, 51, 25.5, ?

1. 12.5
2. 8.75
3. 12.75
4. 10.75
5. None of these

Correct Option - **3**

Que. 121   **Direction:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

Find the principal

Statement I: Time = 2 years

Statement II: C.I. = Rs. 204, R = 4%

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Correct Option - **5**

Que. 122   **Direction:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

Find the two numbers.

Statement I: Average of 4 numbers is 17.

Statement II: The first number is thrice the second number and second number is (1 / 4)th of a third number and fourth number is 4.

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Correct Option - **5**

Que. 123   **Direction:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

Find the numbers.

Statement I: Two numbers are in the ratio 2 : 3.

Statement II: The sum of the square of the numbers is 325.

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Correct Option - **5**

Que. 124   **Direction:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

Find the age of youngest brother.

Statement I: The average age of 3 brothers is 15 years.

Statement II: Age gap between each man is 3 years.

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Correct Option - **5**

Que. 125   The question given below consists of a statement and/or a question and two statements numbered l and ll given below it. You have to decide whether the data provided in the statement(s) is sufficient to answer the question.

What is the value of the two digits of the number x ?

l. The sum of the digits of x is 17

ll. The diffirence of the digits of x is 1.

1. If the data in the statement l alone is sufficient to answer the question.
2. If the data in the statement ll alone is sufficient to answer the question.
3. If the data in statement l alone or statement ll alone is sufficient to answer the question.
4. If the data in both the statements together are not sufficient to answer the question.
5. If the data in both the statements l and ll together are necessary to answer the question.

Que. 126   **Direction:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

Find the principal.

Statement I: Simple interest @ 4% for 2 years and for 3 years differ by Rs. 64.

Statement II: Time: 5 years

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Que. 127   Each of the questions given below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements.

What is the Selling price of Laptop?

I. The ratio of Cost Price and Mark Price is 5 : 8.

II. If the Cost Price is increased by Rs. 200 then the difference between Mark Price and Selling Price becomes Rs. 100.

1. If the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not sufficient to answer the question.
2. If the data in statement II alone are sufficient to answer the question, while the data in statement I alone are not sufficient to answer the question.
3. If the data either in statement I alone or in statement II alone are sufficient to answer the question.
4. If the data given in both statements I and II together are not sufficient to answer the question.
5. If the data in both statements I and II together are necessary to answer the question.

Que. 128   Find the time taken by a passenger train to reach point B from point A?

   Statement I: The passenger train crosses another express train of equal length of 750 meters running in opposite direction in 75 seconds.

Statement II: The distance between points A and B is 150 km.

1. Statements I and II together are required to answer the question.
2. Either statement I or statement II alone is sufficient to answer the question.
3. Statement II alone is sufficient to answer the question.
4. Statement I alone is sufficient to answer the question.

5. Both Statements I and II together are not sufficient to answer the question.

Correct Option - **5**

Que. 129 Each of the following questions consists of 2 statements I and II. You have to determine which of the following statement/statements is/are sufficient/necessary to answer the question.

Are a and b relatively prime number?

I: HCF of a and b is 1.

II: Either a or b is a prime number.

1. Statement I ALONE is sufficient but statement II ALONE is not sufficient.
2. Statement II ALONE is sufficient but statement I ALONE is not sufficient.
3. BOTH statements TOGETHER are sufficient, but NEITHER statement ALONE is sufficient.
4. EACH statement ALONE is sufficient.
5. Statements I and II TOGETHER are not sufficient.

Correct Option - **1**

Que. 130 **Direction:** Each question followed by the two statements 1 and 2, we have to determine whether the statements are sufficient to answer the question or not.

Find the number.

Statement 1: The sum of two digits of the number is 8.

Statement 2: After exchanging the place of the digit, the new number becomes 18 greater than the actual number.

1. If the data given in statement 1 alone is sufficient to answer the question whereas the data given in statement 2 alone are not sufficient to answer the question.
2. If the data given in statement 2 alone are sufficient to answer the question whereas the data given in statement 1 alone are not sufficient to answer the question.
3. If the data given in either statement 1 or in statement 2 alone is sufficient to answer the question.
4. If the data given in both statements 1 and 2 are not sufficient to answer the question.
5. If the data are given in both statement 1 and 2 are necessary to answer the question.

Correct Option - **5**

Que. 131 The selling price of an article is Rs. 14022. If the article was sold at a profit of 23%, Find the cost price.

1. Rs. 11,400
2. Rs. 12,800
3. Rs. 13,400
4. Rs. 11,800
5. Rs. 10,000

Correct Option - **1**

Que. 132 | 30 men working 5 hours a day can do a task in 16 days. In how many days will 40 men working 6 hours a day do the same task?

A. 12 days

B. 10 days

C. 15 days

D. 18 days

E. 20 days

1. C
2. B
3. A
4. D
5. E

Correct Option - **2**

Que. 133 | Which one is the correct option when given fraction are arranged in ascending order
1/4, 1/9, 1/2, 1/3 and 1/6

1. 1/6, 1/4, 1/9, 1/2, 1/3
2. 1/9, 1/6, 1/4, 1/3, 1/2
3. 1/4, 1/9, 1/6, 1/2, 1/3
4. 1/6, 1/9, 1/4, 1/3, 1/2
5. 2/3, 5/6, 1/4, 3/4, 4/9

Correct Option - **2**

Que. 134 | What should be added to 51234, to make it divisible by 9?

1. 6
2. 4
3. 3
4. 5
5. 7

Correct Option - **3**

Que. 135 | In how many ways can be letters of the word 'APPLE' be arranged?

1. 720
2. 120
3. 60
4. 180
5. None of these

Correct Option - **3**

Que. 136 200 litres of a mixture contains 15% water and the rest is milk. The amount of milk that must be added so that the resulting mixture contains 87.5% milk is:

1. 45 litres
2. 40 litres
3. 35 litres
4. 30 litres
5. 25 litres

Correct Option **- 2**

Que. 137 Which one of the following fractions is the smallest among themselves?

1. 2/3
2. 3/5
3. 4/7
4. 1/2
5. 5/7

Correct Option **- 4**

Que. 138 There are 12 Pink, 16 Brown and 20 black color caps in a box. If a cap is picked at random, what is the probability of having either a pink or a Black Cap?

1. 6/7
2. 6/11
3. 3/8
4. 2/3
5. Answer not known

Correct Option **- 4**

Que. 139 Which of the following represents descending order of fractions?

1. 1/2, 1/3, 1/4, 1/5, 1/6
2. 1/6, 1/5, 1/4, 1/3, 1/2
3. 1/2, 1/4, 1/6, 1/3, 1/5
4. 1/5, 1/3, 1/2, 1/4, 1/6
5. 1/5, 1/3, 1/2, 1/4, 1/7

Correct Option **- 1**

Que. 140 An amount doubles itself in 10 years with simple interest. What is the rate of interest p.c.p.a.?

1. 10
2. 15

3. 25
4. Cannot be determined
5. None of these

Correct Option - **1**

Que. 141 **Directions:** Study the following table carefully and answer the following questions.

The table gives number of candidate appeared and passed in class 12th exam from five cities A, B, C, D and E during the period 2000 to 2004

	2000		2001		2002		2003		2004	
	Appear	pass	Appear	pass	Appear	pass	Appear	pass	Appear	Pass
A	7500	7000	8100	7800	8880	8400	9000	8870	9000	8500
B	5000	4700	5200	4960	5250	4870	6400	6120	7200	6950
C	6250	6050	7500	7240	8100	7790	9600	9420	9870	9640
D	7250	6920	7000	6580	9050	8800	8000	7450	6000	5880
E	8500	8320	9550	9140	8000	7650	5000	4810	9010	8880

During the period 2000 to 2004, the total number of students passed in city B is what percent of total students appeared from the city B in that period?

1. 92%
2. 96%
3. 90%
4. 95%
5. 93%

Correct Option - **4**

Que. 142 Ratio of total number of students appeared in the year 2002 from these 5 cities to the total number of students passed in the year 2004 from the 5 cities.

1. 3876 : 3789
2. 3928 : 3985
3. 3282 : 3895
4. 3882 : 3589
5. 3765 : 3542

Correct Option - **2**

Que. 143 What percent of total appeared students failed in the year 2003 from 5 cities?

1. 4.2%

2. 3.0%

3. 3.5%

4. 4.0%

5. 3.8%

Correct Option - **3**

Que. 144 | Ratio of number of passed students to failed students from the city C in the period 2000-2004

1. 2008 : 53
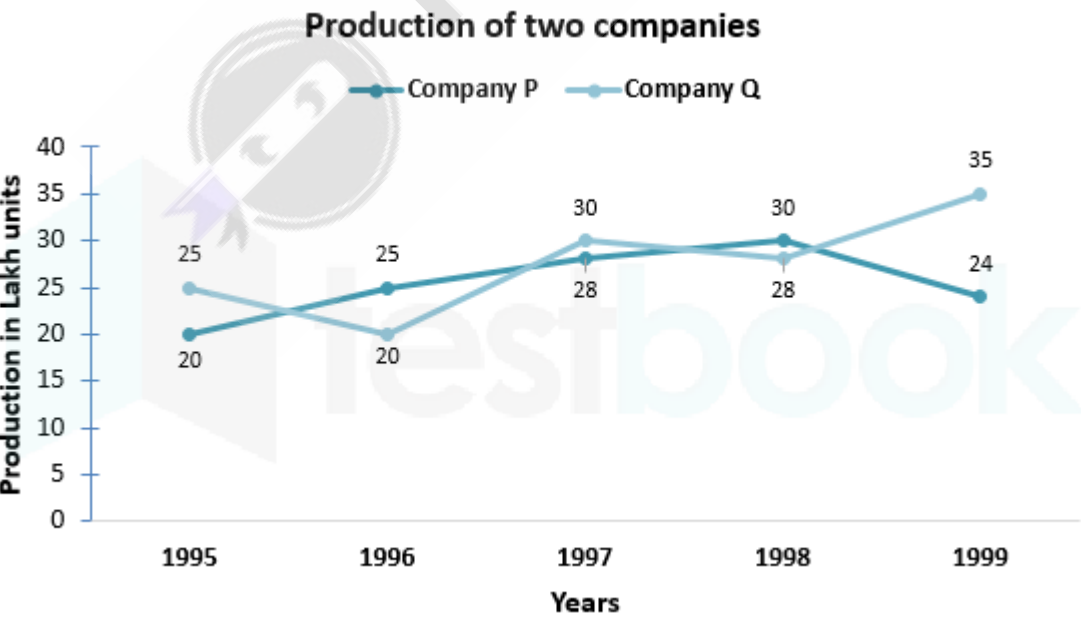

2. 2016 : 57

3. 2017 : 58

4. 2007 : 59

5. 2011 : 56

Correct Option - **4**

Que. 145 | Average number of students passed each year from these 5 cities during the period 2000 to 2004

1. 38,578

2. 36,548

3. 35,678

4. 37,567

5. 35,476

Correct Option - **2**

Que. 146 | **Directions:** Study the following graph to answer the given questions.

Production of two companies P & Q over the years (Production in lakh units)

For Company Q, what is the percent decrease in production from 1995 to 1996?

1. 60
2. 50
3. 25
4. 20
5. None of these

Correct Option - **4**

Que. 147 In 1998, the production of Company P is what percent of that in 1999?

1. 65
2. 150
3. 125
4. 30
5. 90

Correct Option - **3**

Que. 148 For Company P, in which year is the percentage increase/decrease in the production from the previous year the highest?

1. 1998
2. 1995
3. 1999
4. 1996
5. None of these

Correct Option - **4**

Que. 149 What is the difference in the total production of the two companies for the given years?

1. 2600000
2. 690000
3. 110000
4. 1100000
5. None of these

Correct Option - **4**

Que. 150 Which of the following is the closest average production (in lakh units) of Company Q for the given years?

1. 27.6
2. 3.84
3. 14.73
4. 33.5

5. 55.8

Correct Option - **1**
