Option 2 ID : **6306801432511**
Option 3 ID : **6306801432512**
Option 4 ID : **6306801432509**
Status : **Answered**
Chosen Option : **3**

Comprehension:

Read the following information carefully and answer the given questions.

If you are a student appearing for exams or a parent of a student, you are well versed with the concept of exam stress. Exam-related anxiety can feel like an overwhelming phase that has to be endured until the very last moment. No matter how much we dislike exams, the fact remains that they are an integral part of school life and a key metric to gauge students' academic performance and learning ability. There are a few easy and effective tips to beat exam pressure.
It is important for parents and students to plan for exams. Last-minute study sessions will not yield the desired results and instead will contribute to more nervousness. Chart out a clear plan, structure your curriculum, take up the most challenging chapters first and put a definitive timeline against each task. As you accomplish each task, you will notice a spike in self-confidence and a visible dip in anxiety.
Rote learning or mindless memorizing will yield short-term results. Instead, focus on building conceptual clarity and long-term retention of core concepts with expert-recommended techniques like mind mapping, mnemonics and mechanical chain method.
To build strong fundamental concepts, create a map of the core subject, then list associated ideas or concepts in the form of branches, adding your own highlights or keywords to it. A mind map is an effective tool in learning and understanding complex concepts. In mnemonics technique, use a keyword or alphabet or a funny sentence to remember long sentences or difficult subject matters. This technique helps enhance memory and boosts recall. Use mechanical chain method to add creativity and spark to your study topics through colour coding and drawing. This ensures the retention of critical information.
Lastly, it is imperative to re-visit one's outlook towards examinations. Exams are a medium to assess students' aptitude in terms of factual understanding of concepts, learning ability and memory retention. If taken in the right spirit, exams are an excellent tool to improve upon self as they help foster discipline, enhance self-confidence, nurture the competitive spirit and give an impetus to logic and quick decision-making.

SubQuestion No : 17

Q.17 The passage mainly talks about _____.

Ans ✗ 1. creativity and innovation

✗ 2. parents and their plans

✗ 3. students life in school

✓ 4. examination pressure

Comprehension:

एक गद्यांश दिया गया है। गद्यांश के आधार पर चार प्रश्न दिए गए हैं। गद्यांश को ध्यानपूर्वक पढ़ें तथा प्रत्येक प्रश्न के चार विकल्पों में से सही विकल्प चुने।

एक बार रमेश को अपने बगीचे में टहलते हुए किसी टहनी से लटकता हुआ एक तितली का कोकून दिखाई दिया। प्रतिदिन रमेश उसे देखने लगा। एक दिन उसने देखा कि उस कोकून में एक छोटा सा छेद बन गया है। उस दिन वो वहीं बैठ गया और घंटो उसे देखता रहा। उसने देखा की तितली उस कोकून से बाहर निकलने की बहुत कोशिश कर रही है पर बहुत देर तक प्रयास करने के बाद भी वो उस छेद से नहीं निकल पायी और फिर वो बिलकुल शांत हो गयी मानो उसने हार मान ली हो। इसलिए रमेश ने निश्चय किया कि वो उस तितली की मदद करेगा। उसने एक कैंची उठायी और कोकून की खोल को इतना बड़ा कर दिया की तितली बिना किसी संघर्ष के आसानी से बाहर निकल आई लेकिन उसका शरीर सूजा हुआ था और पंख सूखे हुए थे।

रमेश तितली को ये सोच कर देखता रहा कि वो किसी भी समय अपने पंख फैला कर उड़ने लगेगी लेकिन ऐसा कुछ भी नहीं हुआ। इसके विपरीत तितली कभी उड़ ही नहीं पाई और उसने अपनी बाकी की ज़िन्दगी इधर उधर बिना उड़ते हुए बीताने लगी। रमेश अपनी दया और जल्दबाजी में ये नहीं समझ पाया की दरअसल कोकून से निकलने की प्रक्रिया को प्रकृति ने इतना कठिन इसलिए बनाया है ताकि ऐसा करने से तितली के शरीर में मौजूद तरल उसके पंखों में पहुंच सके और वो छेद से बाहर निकलते ही उड़ सके।

SubQuestion No : 17

Q.17 तितली _____ से बाहर निकलने की बहुत कोशिश कर रही है।

Ans ✖ 1. टहनी

✖ 2. घर

✔ 3. कोकून

✖ 4. घोंसला

Section : **Simple Reasoning**

Q.1 In the following question, select the figure which can be placed at the sign of question mark (?) from the given alternatives.

Ans

✗ 1.

✗ 2.

✗ 3.

✓ 4.

Q.2 In the following question, select the related letters from the given alternatives.
TF : BP :: QU : ?

Ans

✓ 1. QM

✗ 2. LT

✗ 3. XU

✗ 4. MO

Q.3 What is the approximate value of 752.17 ÷ 7.89 × 25.99 − 130.03?

Ans

✓ 1. 2314

✗ 2. 2112

✗ 3. 2207

✗ 4. 2408

Q.4 In the following question, four letter pairs are given. The letters on left side of (−) is related to the letters on the right side of (−) with some Logic/Rule/Relation. Three are similar on basis of same Logic/Rule/Relation. Select the odd one out from the given alternatives.

Ans ✗ 1. MBT − NDW

✗ 2. HMT − IOW

✓ 3. DHP − EJT

✗ 4. CRJ − DTM
