Que. 23 Directions: Read the passage given below and answer the questions that follow by choosing the correct/most appropriate options:

Suresh and Ramesh were two brothers who lived in a small village surrounded by lush green fields. They were known for their **peculiar** profession – bamboo farming. The brothers had inherited their father's vast bamboo plantation and had been tending to it diligently for years. However, lately, there was a growing concern among the villagers regarding the strange occurrences happening in the bamboo farm.

One sunny morning, Suresh and Ramesh set out to inspect their beloved plantation. As they ventured deeper into the dense forest of bamboo shoots, they couldn't shake off the feeling that something was amiss. The bamboo stalks seemed unusually tall and thicker than usual. Moreover, peculiar markings adorned some of the stalks, resembling mysterious symbols. Concerned, they exchanged worried glances, wondering what could have caused this transformation.

Days turned into weeks, and the bamboo farm continued to bewilder Suresh and Ramesh. One moonlit night, unable to contain their curiosity any longer, the brothers decided to investigate further. Armed with flashlights and their courage, they cautiously explored the depths of the bamboo plantation. As they delved deeper, they stumbled upon an ancient-looking shrine nestled amidst the towering bamboo shoots. It was adorned with offerings and had an aura of mystical energy around it. Their **concern** grew, but their curiosity won, and they stepped closer to investigate this peculiar discovery.

Little did they know that the shrine was dedicated to a long-forgotten deity, believed to bring prosperity and blessings to those who honored it. The peculiar markings on the bamboo stalks were an ancient script, communicating a message to the brothers. As they deciphered the message, their concern transformed into excitement and awe. The deity was pleased with their devotion to the bamboo farm and had chosen to bless their plantation **abundantly**.

From that day forward, Suresh and Ramesh continued their bamboo farming with renewed vigor and gratitude. The villagers soon witnessed a remarkable transformation in the plantation, with bamboo shoots growing taller, stronger, and more plentiful than ever before. The peculiar happenings turned out to be a blessing in disguise, and the brothers' concern gave way to a deep sense of fulfillment and prosperity, all thanks to their unwavering dedication and their encounter with the mystical shrine.
