**Memory Based Paper
23 Oct, 2017**

200 Questions

Que. 1 **Directions:** Study the following information carefully and answer the questions given below:

Eight persons A, B, G, H, N, R, T, and U are living in a building having four floors where the ground floor is numbered as 1, the floor above it is numbered as 2, and so on till the topmost floor which is numbered as 4. Each floor is having two types of flats i.e. Flat – Y and Flat – Z such that flat – Y of the floor – 2 is exactly above the flat – Y of the floor – 1 and exactly below the flat – Y of the floor – 3 and so on. Similarly, flat – Z of the floor – 2 is exactly above the flat – Z of floor – 1 and exactly below the flat – Z of the floor – 3 and so on. Also, Flat – Z is to the east of Flat – Y.

There is one floor between B's and H's floor. G lives just below R's flat such that both live in the same type of flat. T and U live in the same type of flat such that T lives just above U's floor and lives immediately west of B. N does not live in a flat which is adjacent to T's flat and two floors between N's flat and H's flat. H lives on a floor above B. B and H live in different types of flats.

Who lives in Flat – Z of floor – 2?

1. H
2. G
3. N
4. B
5. None of the above

Correct Option - 4

Que. 2 What is the direction of A's flat with respect to N's flat?

1. North east
2. South west
3. South east
4. None of these
5. North west

Correct Option - 5

Que. 3 Who among the following lives immediately above T who lives in the same type of flat as T?

1. B
2. A
3. N
4. G
5. R

Correct Option - 2

Que. 4 Which of the following is true regarding G?

1. G lives in Flat – Y
2. G lives on bottommost floor
3. G lives on a floor above N but not immediately above.
4. G and T live on same floor
5. None is true

Correct Option - 3

Que. 5 Who lives on the same floor with A?

1. R
2. G
3. B
4. U
5. N

Correct Option - 2

Que. 6 **Direction:** Study the following information carefully and answer the question given below.

How many meaningful English words can be formed with the second, fourth, sixth and seventh letters of the word "MARVELOUS", using each letter only once in each word? (To be counted from left)

1. One
2. Two
3. Three
4. Four
5. Five

Correct Option - 1

Que. 7 **Directions:** Study the following information and answer the given questions.

Eight people K, L, M, N, O, P, Q and R are sitting around a square table facing the centre but not necessarily in the same order. K is sitting second to the left of L who is sitting middle of the table. Only two persons are sitting between K and R who is not sitting near to L. M is sitting opposite to K and just to the right of O. N is sitting third to the right of P.

Who is sitting third to the right of M ?

1. Q
2. N
3. L
4. P
5. R

Correct Option - 1

Que. 8 Who is sitting opposite to N ?

1. O
2. P
3. Q
4. R
5. M

Correct Option - 4

Que. 9 How many persons are there between O and K when counted from right of O ?

1. 2
2. 3
3. 4
4. 5
5. 6

Correct Option - 3

Que. 10 What is the place of O with respect to P ?

1. Third to the right
2. Second to the left
3. Second to the right
4. Fourth to the right
5. Third to the left

Correct Option - 5

Que. 11 M sits third to the right of the N similarly who sits third right of R?

1. O
2. L
3. Q
4. K
5. P

Correct Option - 4

Que. 12 **Direction:** In the following questions assuming the given statements to be true, find which of the conclusion among given some conclusion is/are definitely true and then give your answers accordingly:

Statements: $A > B \geq C < D$; $B < E \leq F$; $H > O \geq T$,

Conclusions:

1. $B > O$

ll. $A < D$

lll. $O > A$

1. Only conclusion I follows
2. Only conclusion II follows
3. Only conclusion III follows
4. Only conclusion I and II follows
5. None conclusions follow

Correct Option - 5

Que. 13 **Directions:** In the following question assuming the given statements to be true, find which of the conclusion among given some conclusion is/are definitely true and then give your answers accordingly:

Statements: $A > B > D < E = F > G \geq L < M > P$

Conclusions:

- I. $F \geq L$
- II. $D > F$
- III. $A > D$

1. Only Conclusion I follows
2. Only Conclusion II follows
3. Only Conclusion III follows
4. Both Conclusion I and II follows
5. Only Conclusion I and III follows

Correct Option - 3

Que. 14 **Directions:** In the following question assuming the given statements to be true, find which of the conclusion among given some conclusion is/are definitely true and then give your answers accordingly:

Statements: $K < L < P < N = D \leq F > B > C > A$

Conclusions:

- I. $N < A$
- II. $K < P$
- III. $P < D$

1. Either Conclusion I or II follows
2. Both Conclusion II and III follows
3. Only Conclusion II follows
4. Only Conclusion I follows
5. Neither Conclusion I nor II follows

Correct Option - 2

Que. 15 **Directions:** Read the following passage and choose the correct answer.

In a certain code,

‘monday february year april’ is written as ‘bi gv oc st’

‘february may of july’ is written as ‘hm oc da pu’

‘of monday september wednesday’ is written as ‘nh mk hm gv’

‘july tuesday year of’ is written as ‘da st rx hm’

What is the code for 'of'?

1. da
2. oc
3. bi
4. hm
5. pu

Correct Option - 4

Que. 16 Code 'gv' is for which element?

1. february
2. year
3. april
4. tuesday
5. monday

Correct Option - 5

Que. 17 What is the code for 'year of july'?

1. bi hu hm
2. tm hm da
3. da gv oc
4. hu st pu
5. hm st da

Correct Option - 5

Que. 18 **DIRECTIONS:** The given question is followed by two statements. You have to find out which statement(s) is/are sufficient to answer the following question, Read the information carefully and answer accordingly.

There are five people named, Ajay, Vijay, Sanjay, Dhananjay and Jai living in a city, residing at equal distances from the place where Sanjay resides. Ajay lives in which direction with respect to Dhananjay.

I. Ajay lives in the north but neither directly nor to north east of Sanjay, who lives in the west of Jai. Dhananjay lives to the South west of Sanjay.

II. Vijay lives to the north of Jai, Vijay lives to the west of Ajay.

1. Only statement I is sufficient to answer

2. Only statement II is sufficient to answer
3. Both statements I and II together are not sufficient to answer
4. Both statements I and II together are sufficient to answer
5. Either statement I or II is sufficient to answer

Correct Option - 3

Que. 19 **Direction:** In the following question, a given question is followed by information in two statements. You have to find out which statement(s) is sufficient to answer the question and mark your answer accordingly.

Eight persons sit around a circular table facing the center, who sit between A and C when counted from the left of A.

- I. E who faces A sits third to the left of B. C and G face each other. One person sit between G and E.
- II. C sits three places away from F. Only one person sits between G and A. F sits next to E.

1. Only I is sufficient
2. Only II is sufficient
3. Both I and II alone are sufficient
4. Both I and II together are sufficient
5. Both I and II together are not sufficient

Correct Option - 5

Que. 20 **Direction:** The following question contains two statements numbered I and II. Decide if data given in the statements are sufficient to answer the questions below.

Eight friends namely A, B, C, D, E, F, G and H are sitting in a row facing north. Only two people sit between H and E, who sits at the end of the row. F sits second to right of H. F doesn't sit adjacent of E. Only three people sit between A and F. Who sits to the immediate right of D?

- I. Only two people sit between B and C. G doesn't sit adjacent to F.
- II. Only three people sit between G and D, who sits adjacent to C.

1. If the data in Statement I alone is sufficient to answer the question, while the data in Statement II alone is not sufficient to answer the question.
2. If the data in Statement II alone is sufficient to answer the question, while the data in Statement I alone is not sufficient to answer the question.
3. If the data either in Statement I alone or in Statement II alone is sufficient to answer the question.
4. If the data in both the Statements I and II together are not sufficient to answer the question.
5. If the data in both the Statements I and II together are necessary to answer the question.

Correct Option - 2

Que. 21 **Direction:** The following question contains two statements numbered I and II. Decide if data given in the statements are sufficient to answer the questions below.

Among five friends S, T, U, V and W, what is the direction of S with respect to W?

- I. S is to the west of V and to the south of U. U is to the west of W.
- II. T is to the west of U and southeast of V, who is north of S. V is to the west of W.

1. If the data in Statement I alone is sufficient to answer the question, while the data in Statement II alone is not sufficient to answer the question
2. If the data in Statement II alone is sufficient to answer the question, while the data in Statement I alone is not sufficient to answer the question
3. If the data either in Statement I alone or in Statement II alone is sufficient to answer the question.
4. If the data in both the Statements I and II together are not sufficient to answer the question.
5. If the data in both the Statements I and II together are necessary to answer the question

Correct Option - 3

Que. 22 If the even digits of the number '74258613' are decreased by 2 and the odd digits are increased by 1, then which of the following number we will get on dividing the fourth digit from the right by the second digit from the left?

1. 3
2. 1
3. 4
4. 2
5. $\frac{1}{2}$

Correct Option - 1

Que. 23 **Directions:** Study the following information carefully to answer the given questions:

8 A 5 C 4 O Z T S 7 2 R N P Z F B D H 9 1 K M E 6 0 G H

How many such numbers are there in above arrangement which is immediately followed by alphabet?

1. 6
2. 2
3. 1
4. 4
5. None is true

Correct Option - 1

Que. 24 If all the alphabets are dropped from the second half of the series in the above arrangement , then which of the following will be the 2nd element from the left end of the row?

1. A
2. 2
3. 6
4. 8
5. 9

Correct Option - 1

Que. 25 **Directions:** Study the following information to answer the given questions:

A number arrangement machine when given an input line of numbers rearranges itself following a particular rule. The following is an illustration of input and re-arrangement.

Input: 73592 27262 53378 82813 45678

Step I: 242 72262 188 4828 12468

Step II: 242 881 8284 26227 86421

Step III: 44 116 2416 676 86421

Step IV: 8 4 11 5 19

Step IV is the last step of the rearrangement for the above input. As per the rules followed in the above steps, find out in each of the following questions the appropriate steps for the given input.

Input: 52378 24731 67213 97524 34721

What is the smallest element in step IV?

1. 2
2. 5
3. 4
4. 7
5. 8

Correct Option - 3

Que. 26 What will be the third element from the right end in step III?

1. 422
2. 244
3. 411
4. 414
5. 262

Correct Option - 1

Que. 27 What is the summation of first and fourth element from the left end in step II?

1. 2266
2. 10862
3. 656
4. 3652
5. 6623

Correct Option - 5

Que. 28 **Directions:** Read the following information carefully and answer the given questions:

Eight persons - A, D, E, I, J, K, L, and M are sitting in concentric circles in such a way that persons sitting in the inner circle are facing the persons sitting in the outer circle and the persons sitting on the same circle are facing the same direction. They all like different colors - Red, Green, Yellow, Violet, White, Pink, Grey,

and Black. The one who likes Black sits immediately left to L who likes Green. The one who likes Pink sits opposite the one who likes Violet in the same circle. The one who likes Yellow faces the one who likes Violet. E sits immediately left to K who likes Grey. The one who likes Black faces the one who likes White. D likes Yellow and sits immediately right to M. The one who likes Pink is facing inside. I sit immediately right of J.

Who likes Black?

1. J
2. M
3. E
4. K
5. A

Correct Option - 5

Que. 29 Who likes Red?

1. E
2. I
3. J
4. M
5. K

Correct Option - 4

Que. 30 Who sits opposite to the one who likes Green in the same circle?

1. E
2. J
3. The one who likes Yellow
4. The one who likes White
5. Cannot be determined

Correct Option - 3

Que. 31 Who faces A?

1. I
2. M
3. J
4. L
5. K

Correct Option - 1

Que. 32 Who sits immediate right to the one who likes Grey?

1. The one who likes Black
2. The one who likes Pink
3. D
4. E
5. None of these

Correct Option - 2

Que. 33 **Direction:** Study the information given below carefully and answer the question that follows.

Ten persons A, B, C, D, E, F, G, H, I, and J are sitting in two parallel rows such that five members are sitting in each row. The persons sitting in row 1 face north while persons in row 2 faces south direction. Therefore, in the given seating arrangement persons sitting in row 1 are facing the persons sitting in row 2. C sits in the middle of the row. G sits to the immediate left of the person who faces C. F sits at the extreme end of the row. B sits third to the left of the person who faces F. Number of persons sitting between H and J is two less than the number of persons sitting between A and D. A is not an immediate neighbor of B. I sits in row 1. H does not sit at the extreme end of the row. D sits third to the left of E.

Who among the following sits at the extreme left end of Row 1?

1. B
2. J
3. F
4. E
5. None of these

Correct Option - 3

Que. 34 Who sits 2nd to the right of B?

1. A
2. B
3. F
4. E
5. None of these

Correct Option - 4

Que. 35 Who sits to the immediate right of A?

1. B
2. F
3. None
4. G
5. E

Correct Option - 3

Que. 36 Who among the following sits opposite to I?

1. B
2. J
3. A
4. H
5. None of these

Correct Option - 1

Que. 37 Four of the following five are related to each other in some way and thus formed a group. Choose the one which does not belong to that group.

1. A
2. B
3. D
4. F
5. J

Correct Option - 2

Que. 38 **Directions:** In the question below are given three statements followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

- I. All minutes are seconds
- II. All seconds are hours
- III. Only a few hours are days

Conclusions:

- I. Some minutes are days
- II. No seconds are days

1. Only conclusion I follows
2. Only conclusion II follows
3. Either conclusion I or II follows
4. Neither I nor II follows
5. Both conclusion I and II follows

Correct Option - 4

Que. 39 **Direction:** In the question below are given two statements followed by two conclusions numbered I, and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements

Some bowls are spoons

No spoons are glass

Conclusions

I. Some bowls can never be glass

II. All bowls are glass

1. Only conclusion I follows
2. Only conclusion II follows
3. Both conclusion I and II follows
4. Either conclusion I or II follows
5. Neither conclusion I nor II follows

Correct Option - 1

Que. 40 **Direction:** In the question below are given three statements followed by two conclusions numbered I, and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements

Only a few golds are diamond

A few diamonds are silver

No silver is platinum

Conclusions

I. All platinum being gold is a possibility

II. Some diamond can never be platinum

1. Only I follows
2. Only II follows
3. Both I and II follows
4. Either I or ii follows
5. Neither I nor II follows

Correct Option - 3

Que. 41 **Directions:** Read the passage and answer the questions:

The title of the United Nations' latest report, *Broken Record*, is a clever pun. Not only does it suggest that previous warnings of the consequences of rising greenhouse gas emissions (GHG) are being ignored but also that new ceilings are being breached. The annual emissions report, usually timed close to the beginning of the climate talks, reiterates in sharper language that progress, since the Paris Agreement (PA) of 2015, has been **teddy**. The stated goal was to keep temperatures from rising over 2°C, and 'as far as possible' below 1.5°C, of pre-industrial levels. In the last few years, much of the consensus has been that we should be directing all our efforts towards keeping it below 1.5°C. The *Broken Record* report, however, suggests that accounting for all commitments made by countries, as per the PA, to minimise their economies' reliance on fossil fuel, temperatures would still result in an overshoot of 2.5°C-2.9°C by the end of the century. To keep temperature below 2°C, emissions by 2030 must be cut 28% and for 1.5°C, they need to be shaved by 42%. Despite many countries having promised to be 'net zero,' meaning no net carbon emissions, the report does not think these promises are 'credible' and even in the most optimistic scenarios, the likelihood of keeping emissions below 1.5°C are 14%.

However, it is not as if the PA has been infructuous. GHG emissions in 2030 based on policies in place were projected to increase by 16% at the time of the adoption of the PA. Today, the projected increase is 3%. To keep temperatures below 1.5°C, annual emissions must reduce every year, until 2030, by 8.7%. What the report says is that the world collectively emitted 57.4 billion tonnes in 2022, an increase of 1.2% over 2021. The pandemic saw 4.7% drop in emissions but the projections for 2023 suggest that the globe is nearly back to pre-pandemic emission levels. The consequences of the globe's tardiness are writ large. As of October this year, 86 days were recorded with temperatures over 1.5°C above pre-industrial levels. September was the hottest recorded month ever, with global average temperatures 1.8°C above pre-industrial levels. In terms of solutions, the report repeats sage advice that has been _____ for years: the richest countries and those historically responsible for gobbling sparse atmospheric capacity for carbon must commit to greater and faster reductions. While legalese and nit-picking have been characteristic of climate summits, precious little time remains for the world to get its act together.

According to the report, what is the projected increase in GHG emissions by 2030 based on current policies?

1. 16%
2. 3%
3. 8.7%
4. 28%
5. 1.2%

Correct Option - 3

Que. 42 What can be inferred when the author states, '**the richest countries and those historically responsible for gobbling sparse atmospheric capacity for carbon must commit to greater and faster reductions**'?

1. The most affluent countries are not doing enough to curb emissions.
2. Historical greenhouse gas production is irrelevant to today's climate change action.
3. Only richer countries have the technology to reduce greenhouse gas emissions.
4. All countries have equal carbon emitting capacity
5. Reducing carbon emission is only possible through economic reduction.

Correct Option - 1

Que. 43 What is the synonym of the word '**tardy**' as used in the passage?

1. Punctual
2. Diligent
3. Negligent
4. Delayed
5. Comprehensive

Correct Option - 4

Que. 44 What is the antonym of the word '**credible**' as mentioned in the passage?

1. Trustworthy

2. Unbelievable
3. Reliable
4. Realistic
5. Valid

Correct Option - 2

Que. 45 Explain the intended meaning of the statement given in the passage. “**The Broken Record report, however, suggests that accounting for all commitments made by countries... temperatures would still result in an overshoot of 2.5°C-2.9°C by the end of the century.**”

1. The commitments of countries are sufficient to keep temperatures within the 2.5°C-2.9°C range.
2. Despite countries' pledges to reduce reliance on fossil fuels, the report predicts temperatures will exceed the desired limits.
3. The Broken Record report encourages countries to change their commitments.
4. The report details how temperatures can be controlled within a certain limit.
5. The pledges of countries are resulting in increased temperatures.

Correct Option - 2

Que. 46 According to the passage, which of the following statements is/are correct?

A) The Broken Record report is generally optimistic about countries meeting their net-zero emissions pledges.

B) The temperature increase must be limited to 2.5°C-2.9°C as per the Paris Agreement.

C) The global emissions rose by 1.2% in 2022 compared to 2021.

D) September was the hottest recorded month ever.

E) According to the Broken Record report, keeping emissions below 1.5°C is 14% probable.

1. Only A
2. A and B
3. C and D
4. B and E
5. D and E

Correct Option - 3

Que. 47 What will fit in the blank taken from the passage: ‘In terms of solutions, the report repeats sage advice that has been _____ for years.’

1. offered
2. disputed
3. acclaimed
4. Popular
5. rejected

Correct Option - 1

Que. 48 The passage uses 'get its act together.' What does this idiom mean?

1. To form a group
2. To organize an event
3. To make effort to solve problems
4. To rehearse for a play
5. To combine resources

Correct Option - 3

Que. 49 Which of the following best states the central idea of the passage?

1. The role of the richest countries in combating climate change.
2. The potential solutions for reducing greenhouse gas emissions.
3. The critique of inadequate action and policies against rising greenhouse gas emissions.
4. The consequences of ignoring the United Nations' reports.
5. The history and progress of the Paris Agreement.

Correct Option - 3

Que. 50 The most apt title for the passage is:

1. The Historical Accountability of Developed Nations
2. Climate Change: The Broken Record.
3. The Paris Agreement: Progress and Pitfalls.
4. The Consequences of Greenhouse Gas Emissions.
5. Beyond Net-Zero: Our Unmet Climate Goals.

Correct Option - 2

Que. 51 In the following question, the sentence with two blanks is to be filled with appropriate words.

Select the correct alternative out of the four and indicate it by selecting the appropriate option.

The buy side of the IT and BPO and the supply side of banks, _____ companies provide outsourcing opportunities as well as _____ to the people who have come to speak.

1. Manufacture, network
2. Manufacturing, networking
3. Manufactured, network
4. Manufacture, networking
5. Manufacturing, network

Correct Option - 2

Que. 52 In the following question, the sentence with two blanks is to be filled with appropriate words.

Select the correct alternative out of the four and indicate it by selecting the appropriate option.

Abhishek Verma and V. Jyothi Surekha were on the top of their game _____ snatched the number one spots in the men's and women's compound individual rankings in the NTPC National archery championships at the Barabati Stadium _____ Wednesday.

1. as they, here on
2. with they, there on
3. and them, here in
4. when them, there on
5. as them, where on

Correct Option - 1

Que. 53 **Directions:** The following question has two blanks, each blank indicating that something has been omitted. Choose the set of words for each blank that best fits in the context of the sentence.

President Donald Trump has _____ raised the possibility of _____ the U.S. and Chinese economies.

1. repeatedly, divorcing
2. repeatedly, divorces
3. repeating, divorce
4. repeat, divorcing
5. repeated, divorced

Correct Option - 1

Que. 54 In the following question, the sentence with two blanks is to be filled with appropriate words. Select the correct alternative out of the four and indicate it by selecting the appropriate option.

A recent survey by IHS Markit of business activity _____, conducted over two weeks in the latter half of February, shows that Indian businesses plan to curb outlays _____ and capital spending, with sentiment on capex at a one-year low.

1. expectation, on hirings
2. expectations, on hiring
3. expected, in hiring
4. expected, at hiring
5. excepted, in hirings

Correct Option - 2

Que. 55 In the following question, the sentence with two blanks is to be filled with appropriate words. Select the correct alternative out of the four and indicate it by selecting the appropriate option.

Parliamentary elections in India have _____ influenced by State-level political variables _____ the performance of the ruling parties and the Opposition at the Centre.

1. increasing being, above
2. increasingly been, beyond
3. increased, away
4. been increased, under

5. increasing, away

Correct Option - 2

Que. 56 Directions: In the following passage, some words have been deleted. Select the most appropriate option to fill in each blank.

A nation ___(1)___ with chess talent is now ready to parade it on a platform that does not get any bigger. The 44th Chess Olympiad, with participants from 187 nations, opens with a gala ceremony at Chennai's Nehru Stadium on Thursday and the 11-round on-board action ___(2)___ the following day at Mamallapuram. With the usual medal-winning nations — Russia and China — not in the mix, some first-timers could ___(3)___ the podium. The greatest of current players, Magnus Carlsen, is looking to ___(4)___ Norway to its first medal. There will be other ___(5)___ performers in both sections of the biennial competition, but the discerning would focus on how India performs at home. Being the host, India could ___(6)___ two teams in each section. As there were an odd number of entries, India added a third team to make it even. As a result, 30 players, including 15 women, will ___(7)___ India in the premier world team championship. Though Viswanathan Anand is the mentor for these teams, the Indian men are strong enough to be ___(8)___ second in the Open section. The Indian women, looking for their first medal, are seeded first. Talented teens D. Gukesh, Arjun Erigaisi, Nihal Sarin, and R. Praggnanandhaa ___(9)___ their stripes to be on the biggest stage. It remains to be seen whether they play according to their growing ___(10)___.

Select the most appropriate option to fill in blank number 1.

1. Brimming
2. Compromising
3. Releasing
4. Demeaning
5. Retarding

Correct Option - 1

Que. 57 Select the most appropriate option to fill in blank number 2.

1. Resiliencies
2. Deterrence
3. Surveillance
4. Relevances
5. Commences

Correct Option - 5

Que. 58 Select the most appropriate option to fill in blank number 3.

1. Unify
2. Comfy
3. Occupy
4. Intensify
5. Diversify

Correct Option - 3

Que. 59 Select the most appropriate option to fill in blank number 4.

1. Spread
2. Lead
3. Upheaval
4. Mislead
5. Deed

Correct Option - 2

Que. 60 Select the most appropriate option to fill in blank number 5.

1. Conscious
2. Envious
3. Anxious
4. Illustrious
5. Cautious

Correct Option - 4

Que. 61 Select the most appropriate option to fill in blank number 6.

1. Outfield
2. Revealed
3. Field
4. Conceal
5. Envy

Correct Option - 3

Que. 62 Select the most appropriate option to fill in blank number 7.

1. Absent
2. Represent
3. Decent
4. Recent
5. Abstain

Correct Option - 2

Que. 63 Select the most appropriate option to fill in blank number 8.

1. Conceded
2. Aided

3. Cascaded
4. Seeded
5. Associated

Correct Option - 4

Que. 64 Select the most appropriate option to fill in blank number 9.

1. Earned
2. Threatened
3. Yearned
4. Churned
5. Scorned

Correct Option - 1

Que. 65 Select the most appropriate option to fill in blank number 10.

1. Limitation
2. Intimation
3. Anticipation
4. Adaptation
5. Reputation

Correct Option - 5

Que. 66 Read the sentence below to find out if there is any error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If there is no error the answer is (5). (Ignore errors in punctuation if any).

You can(A)/ get a lot of (B)/ informations if(C)/ you visit the library.(D)/ No error(E)

1. A
2. B
3. C
4. D
5. E

Correct Option - 3

Que. 67 Read the sentence below to find out if there is any error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If there is no error the answer is (5). (Ignore errors in punctuation if any).

Police has (A)/ arrested Sakshat (B)/ for spreading (C)/ rumors (D)/ No error (E)

1. A

2. B
3. C
4. D
5. E

Correct Option - 1

Que. 68 Read the sentence below to find out if there is any error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If there is no error the answer is (5). (Ignore errors in punctuation if any).

My brother(A)/ likes (B)/ to play(C)/ with a clay(D)/ No error(E)

1. A
2. B
3. C
4. D
5. E

Correct Option - 4

Que. 69 Read the sentence below to find out if there is any error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If there is no error the answer is (5). (Ignore errors in punctuation if any).

The baby (A)/ wants to play (B)/ with a toy or (C)/ he starts crying (D)/ No error (E)

1. A
2. B
3. C
4. D
5. E

Correct Option - 4

Que. 70 Read the sentence below to find out if there is any error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If there is no error the answer is (5). (Ignore errors in punctuation if any).

Police has(A)/ arrested two (B)/persons in connection(C)/ with the case.(D)/No error(E)

1. A
2. B
3. C
4. D
5. E

Correct Option - 1

Que. 71 Directions: Rearrange the following sentences (A), (B), (C), (D), and (E) in the proper sequence to form a meaningful paragraph; then answer the questions given below them.

- A. "Aside from some congestion and coughing, the gorillas are doing well," Lisa Peterson, the executive director of the San Diego Zoo Safari Park, says in a statement.
- B. Three western lowland gorillas at the San Diego Zoo Safari Park have tested positive for SARS-CoV-2.
- C. The animals live in tight-knit family groups, so researchers worry that if the virus reaches wild populations, it may spread quickly and imperil already diminished populations.
- D. The three infected gorillas, which have runny noses and are lethargic, likely contracted the virus from an asymptomatic zoo worker, similar to the three lions and five tigers that tested positive at the Bronx Zoo in April, according to Peterson.
- E. Poaching and disease—namely, Ebola virus—have caused western lowland gorilla populations to decline by more than 60 percent over the last two decades, according to the World Wildlife Fund.

Which sentence will come in the **first place** after rearrangement?

- 1. A
- 2. B
- 3. C
- 4. D
- 5. E

Correct Option - 2

Que. 72 Which sentence will come in the **second place** after rearrangement?

- 1. A
- 2. B
- 3. C
- 4. D
- 5. E

Correct Option - 1

Que. 73 Which sentence will come in the **third place** after rearrangement?

- 1. A
- 2. B
- 3. C
- 4. D
- 5. E

Correct Option - 4

Que. 74 Which sentence will come in the **fourth place** after rearrangement?

- 1. A

2. B
3. C
4. D
5. E

Correct Option - 5

Que. 75 Which sentence will come in the **fifth place** after rearrangement?

1. A
2. B
3. C
4. D
5. E

Correct Option - 3

Que. 76 Which of the phrases given below the sentence should replace the word/phrase given below in **bold** in the sentence to make it grammatically correct? If the sentence is correct as it is given and no correction is required, mark 'No correction required' as the answer.

I am **looking forward to receive the news** about my employment as a bank manager in the State Bank of India.

1. look forward to receive the
2. looking to receiving the news
3. look forward to receiving the news
4. looking forward to receiving the news
5. no correction required

Correct Option - 4

Que. 77 Which of the phrases given below the sentence should replace the word/phrase given below in **bold** in the sentence to make it grammatically correct? If the sentence is correct as it is given and no correction is required, mark 'No correction required' as the answer.

The aeroplane **alighted at the airport and it was ahead of its** scheduled time.

1. alighted on the airport and it was ahead of its
2. alighted at the airport and it was ahead of it's
3. alighted in the airport and it was ahead of its
4. alighted the airport and it was ahead of its
5. no correction required

Correct Option - 5

Que. 78 Which of the phrases given below the sentence should replace the word/phrase given below in **bold** in the sentence to make it grammatically correct? If the sentence is correct as it is given and no correction is required, mark 'No correction required' as the answer.

If you never **throw down the sponge**, you will never be defeated and you can certainly achieve your goal.

1. throw up the sponge
2. throw over the sponge
3. throw the sponge down
4. throw out the sponge
5. no correction required

Correct Option - 1

Que. 79 Which of the phrases given below the sentence should replace the word/phrase given below in bold in the sentence to make it grammatically correct? If the sentence is correct as it is given and no correction is required, mark 'No correction required' as the answer.

John Keats was **better** than the other poets of his era.

1. better than other poets
2. better than all the other poets
3. better than all other poets
4. best than all poets
5. no correction required

Correct Option - 2

Que. 80 Which of the phrases given below the sentence should replace the word/phrase given below in bold in the sentence to make it grammatically correct? If the sentence is correct as it is given and no correction is required, mark 'No correction required' as the answer.

I met Manisha a couple of times since **January** and she was getting prettier every time I met her.

1. have met Manisha a couple of times since January
2. met Manisha a couple of times for January
3. had met Manisha a couple of times for January
4. was met Manisha a couple of times since January
5. no correction required

Correct Option - 1

Que. 81 What approximate value will come in the place of the question mark '?' in the following question?

$$86.34 + 16.9 - 45.62 + ? = 20.85$$

1. -46
2. 16
3. -36
4. 36
5. -56

Correct Option - 3

Que. 82 Find the approximate value of 'x' in the following question. (you are not expected to calculate the exact value)

$$\{(40.01\% \text{ of } 19.99\% \text{ of } 50.03) + 3/6 \times (9.99\% \text{ of } 59.97)\} \times (9.01^3) = ?$$

1. 2478
2. 2598
3. 5103
4. 2488
5. 2567

Correct Option - 3

Que. 83 What approximate will come in the place of the question mark ‘?’ in the following question?

$$259.92 \div 3.98 + 70.05 \times ? + 8.95 = 284.05$$

1. 3
2. 4
3. 2
4. 1
5. 0

Correct Option - 1

Que. 84 What approximate value should come in the place of question mark (?) in the following question?

$$24.96\% \text{ of } 299.99 + 44.98\% \text{ of } 399.99 = ?$$

1. 245
2. 225
3. 235
4. 255
5. 265

Correct Option - 4

Que. 85 What approximate value should come in the place of x in the following question

$$\sqrt{784.01} \times 7.042 + 351.99 \times 24.98\% = x$$

1. 264
2. 244
3. 284
4. 266
5. 224

Correct Option - 3

Que. 86 **Direction:** Observe the Table thoughtfully and answer the questions given below.

The table shows the percentage of marks obtained by five students in four different subjects in an entrance test for a coaching class and some data is missing.

	Maths (125)	Reasoning (155)	English (145)	General awareness (195)
Mikky	-	78%	88%	-
Nishtha	62%	-	-	80%
Nitu	-	80%	-	60%
Isha	72%	60%	-	-
Kunal	68%	-	80%	70%

If the overall percentage of marks obtained by Nitu is 75% and the marks obtained by her in English is 30 marks more than the marks obtained by her in maths find the percentage marks obtained by her in maths.

1. 77.6%
2. 75%
3. 69.5%
4. 50%
5. 80%

Correct Option - 1

Que. 87 What is the ratio of marks obtained by Mikky in English and reasoning together to the marks obtained by Kunal in maths and general awareness?

1. 42 : 37
2. 497 : 443
3. 447 : 493
4. 371 : 442
5. 351 : 296

Correct Option - 2

Que. 88 If marks obtained by Mikky in general awareness is 136.5 and marks obtained by Isha is 175.5. Find the percentage of marks obtained by all students in general awareness?

1. 64
2. 60
3. 70
4. 74
5. 80

Correct Option - 4

Que. 89 Marks obtained by Isha in Maths and Reasoning is approximately how much percentage more than the marks obtained by Nitu in Reasoning?

1. 38
2. 48
3. 50
4. 58
5. None of the these

Correct Option - 2

Que. 90 If total marks obtained by Kunal in Maths, Reasoning and English is 300 and total marks obtained by Nishtha in Maths, English and General awareness is 364.5. Find the difference between the marks obtained by Nishtha in English and Kunal in Reasoning?

1. 33
2. 45
3. 32
4. 40
5. None of the these

Correct Option - 3

Que. 91 Two equations I and II are given below in question. You have to solve these equations and give the answer.

I. $x^2 - 75x + 350 = 0$
II. $y^2 + 75y + 1250 = 0$

1. $x < y$
2. $x > y$
3. $x \leq y$
4. $x \geq y$
5. $x = y$ or the relation between x and y can't be established.

Correct Option - 2

Que. 92 In the following question, two equations are given. You have to solve the equation and mark the answer accordingly.

I. $2x^2 - x - 15 = 0$
II. $2y^2 + 11y + 12 = 0$

1. $x > y$
2. $x < y$
3. $x \geq y$
4. $x \leq y$
5. No relation in x and y or $x = y$

Correct Option - 5

Que. 93 In the given questions, two equations numbered I and II are given. You have to solve both the equations and mark the appropriate answer.

I. $x^2 - 23x + 90 = 0$

II. $y^2 - 9y - 52 = 0$

1. $x > y$
2. $x \geq y$
3. $x < y$
4. $x \leq y$
5. No relation in x and y or $x = y$

Correct Option - 5

Que. 94 In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $6x^2 - 7x + 2 = 0$

II. $2y^2 - 5y + 3 = 0$

1. $x > y$
2. $x < y$
3. $x \geq y$
4. $x \leq y$
5. $x = y$ or relationship between x and y cannot be established

Correct Option - 2

Que. 95 In the given question, two equations numbered I and II are given. Solve both the equations and mark the appropriate answer.

I. $3x^2 + x - 2 = 0$

II. $y^2 + 4y + 3 = 0$

1. $x > y$
2. $x \geq y$
3. $x < y$
4. $x \leq y$
5. $x = y$ or the relationship cannot be established.

Correct Option - 2

Que. 96 Length of train A is half as that of train B. Train A and B crosses the platform of length 100 meters in 5 seconds and 6 seconds respectively. If the ratio of speed of train A and B is 2 : 3, Find the length of train B.

1. 450 m
2. 800 m
3. 600 m
4. 900 m
5. 750 m

Correct Option - 2

Que. 97 The difference between the compound interest (compounded annually) and simple interest on a sum of money deposited for 2 years at 5% per annum is Rs. 15. What is the sum of money deposited?

1. Rs. 6,000
2. Rs. 4,800
3. Rs. 3,600
4. Rs. 2,400
5. Rs. 3,400

Correct Option - 1

Que. 98 A can do 10% work in 1.8 days. B takes 6 more days than A. Efficiency of C is 20% more than A. A starts a work and on every second and third day B and C join him respectively, then in how many days will 80% of the work be completed?

1. $7\frac{9}{10}$ days
2. 6.5 days
3. $8\frac{35}{44}$ days
4. 7 days
5. None of these

Correct Option - 3

Que. 99 The efficiency of Amar, Ujjwal, and Chitrakshi is 2 : 3 : 5. Amar alone can complete a work in 150 days. They all work together for 15 days and then Chitrakshi left the work, in how many days Amar and Ujjwal together can complete the remaining work?

1. 38
2. 35
3. 40
4. 36
5. None of these.

Correct Option - 5

Que. 100 A dishonest milkman dilutes milk with water and then sells the diluted milk at a price that is 25% more than the price at which he purchased the milk. If he makes a profit of 75% in this manner, how many ml of water does he add to every litre of milk?

1. 300 ml
2. 250 ml
3. 500 ml
4. 400 ml
5. 350 ml

Correct Option - 4

Que. 101 After 8 years, the ratio of the ages of P, Q, R and S is 7 : 8 : 9 : 10. If the ratio between the present age of P and Q together and the present age of R and S together is 11 : 15, then, find the difference between the present age of S and R (in years)?

1. 5
2. 4
3. 6
4. 8
5. 12

Correct Option - 2

Que. 102 600 coins consist of 10 paisa, 20 paisa, 25 paisa and 50 paisa coins. The ratio values of 10 paisa to 20 paisa coin is 2 : 6, the ratio values of 20 paisa to 25 paisa coin is 2 : 5 and the ratio values of 25 paisa to 50 paisa coin is 3 : 1 then find the number of coins of each kind respectively.

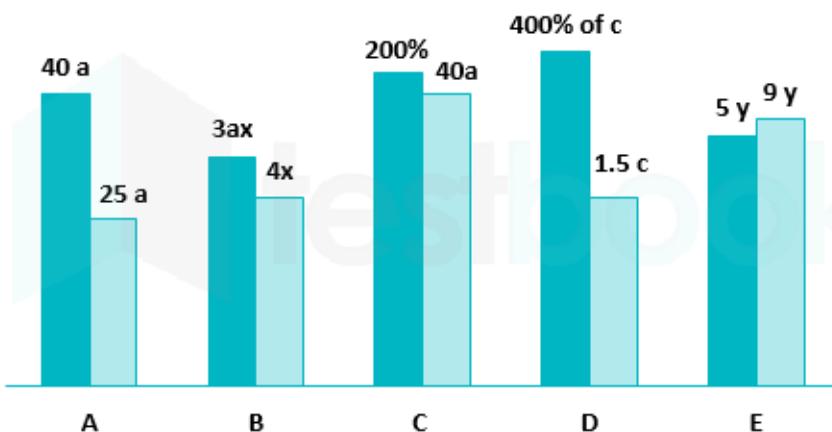

1. 200, 150, 50, 200
2. 100, 150, 300, 50
3. 50, 150, 250, 150
4. 150, 100, 100, 250
5. 75, 125, 250, 150

Correct Option - 2

Que. 103 **Directions:** Answer the questions based on the information given below.

Five different vessels (A, B, C, D, and E), each containing mixture of milk and water in different proportions. The bar graph given below shows the quantity of milk (in litres) and water (in litres) in each vessel.

■ Quantity of milk ■ Quantity of water

Note: The product of the roots of a quadratic equation $am^2 + 18m + c = 0$ is '12' and the sum of the roots is -6.

65 litres of mixture is taken out from vessel 'B' and replaced with 17 litres water so that the ratio of the milk to water in the vessel becomes 7 : 5. Find the initial quantity of the mixture in vessel 'B'?

1. 130 litres
2. 144 litres
3. 156 litres
4. 168 litres
5. 180 litres

Correct Option - 3

Que. 104 'z' litres mixture is taken out from vessel 'D' and replaced with 44 litres of water so that the ratio of the water to milk in the mixture becomes 5 : 6 respectively. Find the value of 'z'?

1. 55 litres
2. 66 litres
3. 77 litres
4. 88 litres
5. 99 litres

Correct Option - 2

Que. 105 Half of the mixture from vessel 'C' is taken out and put in vessel 'E'. Find the difference between the initial quantities of milk and the water in vessel 'E' if the ratio of the resultant mixture in vessel 'E' is 17 : 30 respectively.

1. 80 litres
2. 90 litres
3. 100 litres
4. 110 litres
5. 120 litres

Correct Option - 1

Que. 106 40% of the mixture from vessel 'A' is taken out and sold at the rate of pure milk. Now 30 litres of milk is added to the remaining mixture and now the resultant mixture is sold at a rate 40% lower than the rate of pure milk. Find the profit% in this transaction?

1. 6.8%
2. 7.8%
3. 8.8%
4. 9.8%
5. 10.8%

Correct Option - 5

Que. 107 Find the value of $a + c$?

1. 36
2. 37
3. 38
4. 39
5. 40

Correct Option - 4

Que. 108 **DIRECTIONS:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

Find the value of stock

Statement I: $(4/5)^{\text{th}}$ of the stock sold at a profit of 10%.

Statement II: Total profit is Rs. 140

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer

Correct Option - 4

Que. 109 **DIRECTIONS:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions:

Find the age of youngest man.

Statement I: Ratio of ages of two men is 2 : 5 and the difference between their ages is 6 years.

Statement II: Age of the eldest man is 10 years.

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Correct Option - 1

Que. 110 **Directions:** Each question below is followed by two statements I and II. You have to determine whether the data given in the statement is sufficient for answering the question. You should use the data and your knowledge of Mathematics to choose the best possible answer.

What is the probability of selecting a prime number in the set of first 'x' natural numbers?

- I. x is a prime number just greater than 10.
- II. x = 14.

1. If the data given in statement I alone is sufficient to answer the question whereas the data given in statement II alone are not sufficient to answer the question.
2. If the data given in statement II alone is sufficient to answer the question whereas the data given in statement I alone are not sufficient to answer the question.
3. If the data in either statement I alone or in statement II alone is sufficient to answer the question.
4. If the data in both the statements I and II is not sufficient to answer the question.
5. If the data given in both the statements I and II is necessary to answer the question.

Correct Option - 3

Que. 111 **DIRECTIONS:** Each of the questions given below consists of 2 statements, number I and II respectively. Please read the questions carefully and decide which of the statement (s) is / are necessary to answer the questions.

In how many days Mr. X can complete half work.

Statement I: Mr. X do $(1/5)^{th}$ of a work in 10 days.

Statement II: Mr. X completes half work in 25 days.

1. The data in statement I alone is sufficient to answer the question, while the data in statement II alone is not sufficient to answer the question.
2. The data in statement II alone is sufficient to answer the question, while the data in statement I alone is not sufficient to answer the question.
3. Either statement I or statement II alone is sufficient to answer the question.
4. The data in both the statements I and II is not sufficient to answer the questions.
5. The data in both the statement I and II together is necessary to answer.

Correct Option - 3

Que. 112 A dice is tossed 3 times, what is the probability of getting 1 in all the dice?

1. $1/216$
2. $75/216$
3. $91/216$
4. $3/216$
5. $125/216$

Correct Option - 1

Que. 113 A family decided to spend 13% of their monthly income on traveling, 27% of their monthly income on household expenses, and 35% of their monthly income on family's medical expenses, and 5% on insurance. The family has the remaining amount of Rs. 13200 as cash. What is the monthly income of the family?

1. Rs 66,000
2. Rs 50,000
3. Rs 45,000
4. Rs 35,000
5. None of these

Correct Option - 1

Que. 114 If car A can travel 31 km 312 m 50 cm in 1 hr 15 min 9 sec and car B can travel 63 km 150 m in 2 hrs 6 min 18 sec, what will be the relative speed of car B with respect to car A(in km/hr) if car A is chasing car B?

1. 5
2. 3
3. 4
4. 0
5. 2

Correct Option - 1

Que. 115 Two vessels of equal capacity contain juice and water in the ratio of 3 : 5 and 3 : 1 respectively. The mixture of both the vessels are mixed and transferred into a bigger vessel. What is the ratio of juice and water in the new mixture?

1. 13 : 9
2. 9 : 7
3. 8 : 9
4. 7 : 3
5. None of these

Correct Option - 2

Que. 116 **Direction:** A company has planned a trip. The company has 4200 employees. 72% of the employees registered for the trip. The ratio of male and female employees registered for the trip is 7: 5. Out of them, 75% of the employees have chosen the company transport services for the trip and rest decided to use their own vehicle. On the trip day, 25% of those who have chosen for company transport, went on the trip by their own vehicles for some reasons. The ratio of male and female employees who came by their own transport is 5: 4. Initially, the company had booked 57 buses with 40 seat capacity in each. What is the number of female employees registered for the trip?

1. 1080
2. 1260
3. 1320
4. 1180
5. None of these

Correct Option - 2

Que. 117 Find the difference between the total number of male and female employees came to the trip by their own transport?

1. 155
2. 135
3. 147
4. 138
5. None of these

Correct Option - 3

Que. 118 How many approximate buses are actually used for the trip?

1. 43
2. 40
3. 45
4. 38
5. None of these

Correct Option - 1

Que. 119 The number of employees went to the trip by their own transport in spite of registering for the company transport is approximately what percent of the number of employees did not register for the trip?

1. 35%
2. 50%
3. 56%
4. 48%
5. None of these

Correct Option - 4

Que. 120 Find the ratio of the number of female employees registered for the trip and number of female employees came to the trip by their own transport?

1. 9 : 5
2. 11 : 6
3. 15 : 7
4. 13 : 9
5. None of these

Correct Option - 3

Que. 121 When is United Nations Day celebrated?

1. October 29
2. October 22
3. October 21
4. October 23
5. October 24

Correct Option - 5

Que. 122 Which Chief Minister was awarded for the prestigious Global Agriculture Leadership Award 2017 by the Indian Council of Food and Agriculture (ICFA)?

1. Chandrababu Naidu
