Participant Name	
Test Center Name	
Test Date	13/08/2023
Test Time	8:30 AM - 10:00 AM
Subject	Office Executive

Section : Reasoning

Comprehension:

Read the given information carefully and answer the questions that follow.

Seven players of different games Badminton, Baseball, Basketball, Cricket, Football, Tennis and Volleyball stay on seven different floors of a building not necessarily in same order as per the following information. The bottommost floor is numbered as 1 and the floor immediately above it is numbered as 2 and the topmost floor is numbered as 7.

- Cricket player does not stay on an odd numbered floor.
- There are exactly three players between Cricket player and Badminton player.
- Volleyball player stays immediately below Badminton player.
- Football player does not stay below Cricket player.
- Exactly two players stay between Badminton player and Baseball player.
- Basketball player does not stay on an odd numbered floor.
- Badminton player is below Cricket player.

SubQuestion No : 1

Q.1 Who stays at floor numbered 3?

Ans 1. Tennis player

2. Baseball player

3. Volleyball player

4. Football player
